The bulk of the fermented *tari* revenue is derived from the Burdwan and Presidency Divisions and the district of Malda which contributed Rs. 4,45,445 out of a total revenue under this head of Rs. 4,71,666. License fees increased by Rs. 23,026 as compared with the previous year. The increase was most marked in Hooghly (Rs. 9,709), Howrah (Rs. 4.581), Calcutta (Rs. 2,639), Dinajpur (Rs. 2,209,) Rajshahi (Rs. 2,138), and the 24-Parganas (Rs. 1,263).

Pachwai.

28. **Licenses.**—The total number of licenses issued for retail sale, home-brewing (annual) and manufacture on special occasions was 33,511 as compared with 28,460 in 1915-16 :—

	1915-16.	1916-17.
Retail sale	1,390	1,333
Home-brewing (annual)	26,738	31,795
Manufacture on special occasions	332	383

The number of retail licenses decreased in the 24-Parganas (29), Midnapore (13), Burdwan (6), Bankura (4), Chittagong (3), Nadia (2) and Birbhum (1). The decrease in the 24-Parganas was wholly and that in Midnapore and Chittagong mainly due to the fact that some of the smaller shops remained unsettled owing to the high price of rice. Elsewhere it was due to the abolition of shops. A new shop was opened in the Jessore district with the approval of the Bongaon Local Board to supply a demand which had previously been met illicitly.

The number of home-brewing licenses increased by 4,744 in Dinajpur, 1,445 in Malda, 877 in Jalpaiguri, 316 in Ragppur, 105 in Bogra and 90 in Rajshahi. There was a decrease of 1,742 licenses in Mymensingh, 453 in Darjeeling, 294 in Dacca and 35 in Tippera.

In Rajshahi members of certain aboriginal or semi-aboriginal castes who had previously claimed that they did not consume *pachwai* were found to be manufacturing and were prosecuted. This led to an increased demand for licenses which was, however, partly counterbalanced by the "*bhakati*" movement among the Oraons. In Dinajpur, Rangpur and Malda the increase was

mainly due to more effective patrolling, though it is reported that evasion is still practised in the last-named district. As has been mentioned elsewhere, agricultural conditions showed some improvement in the Rajshahi Division and this facilitated collection. It was also found possible to depute additional officers temporarily to most of the plains districts of the Rajshahi Division, and if these districts could be adequately staffed evasion of the tax would be less easy than now and there would probably be a substantial increase of revenue under this head.

In the plains districts home-brewing is chiefly resorted to after the winter paddy harvest, when rice is plentiful, but a license taken out then would expire on the 31st March if it were issued according to the financial year. If the holder of such a license brewed *pachwai* on or after the 1st April he would require a fresh license. As it was difficult for the aborigines to understand why their licenses did not hold good for a year, Government, in Financial Department letter No. 252 S.R., dated the 10th February 1916, authorised the issue of home-brewing licenses for the calendar year, instead of for the financial year, except in Darjeeling. In order to introduce this change the term of licenses which would ordinarily have expired on the 31st March 1916 was extended till the 31st December. No licenses were issued during this period and the decrease in Dacca, Mymensingh and Tippera appears to have been due to the fact that sufficient energy was not displayed in making collections during the first quarter of the calendar year 1917,—the last quarter of the financial year under review. The continued decrease in the number of licenses issued in Darjeeling, where collections are chiefly made by village headmen without the intervention of excise officers, is attributed to the high price of food grains.

29. **Revenue.**—The revenue from retail license fees decreased from Rs. 8,83,978 to Rs. 7,63,363. The decrease was considerable in Burdwan (Rs. 66,190), Birbhum (Rs. 41,015), Murshidabad (Rs. 7,518), Darjeeling (Rs. 3,818) and Midnapore (Rs. 2,786) and was due to the high price of rice at the time of settlement. There was an increase of Rs. 1,978 in Hooghly. The revenue from home-brewing licenses increased from Rs. 44,221 to Rs. 52,239.

SECTION III.—Foreign Liquor.

* * * * * *

31. **Imports and issues of foreign liquor from the Custom Houses, Calcutta and Chittagong.**—The following statistics of imports are quoted from the report of the Collector of Customs, Calcutta, on the Maritime Trade of Bengal for the year 1916-17, and from a statement furnished by the Collector of Customs, Chittagong :—

GRAND TOTAL ...	1,327,106*		1,181,856	

* Revised figures

As usual, the imports through the Port of Chittagong were small. The Collector of Customs, Calcutta, explains the statistics for the Port of Calcutta in 1916-17 as follows :—

"*Ale, beer and porter* have fallen by 21 per cent. in quantity but increased by 2 per cent. in cost. The decline is attributed to smaller consumption by the army in India Reduced imports from the United Kingdom have been partly met by *Japanese beer*, imports of which have risen from 69,478 to 140,986 imperial gallons.

Spirits.—The only *spirits* showing a larger consumption were *gin* and *rum : gin* at one time rose to a high price locally owing to anticipated shortage, but the release of a considerable quantity at home brought relief and the price fell rapidly from Rs. 46 to Rs. 34 per case. *Rum* expanded from 2 411 to 38,138 gallons owing to the inclusion for the first time of *arrack* under *rum*, the actual increase being 3,585 gallons only. The consumption of *brandy* fell from 60.315 to 46.396 gallons : that of *whisky* from 180,822 to 161,323 gallons. One thousand four hundred and sixty-three gallons of *Scotch whisky* came from the United States : from Holland 155 gallons. *Denatured spirit* was in defect by 17 per cent. and stands at 152,880 gallons : more *perfumed spirits* came but *spirits used in medicines* were naturally smaller in quantity. The higher prices for spirits of Western origin have evidently stimulated local production and *Java arrack*, which is a popular foundation for *country whisky* and *brandy*, increased from 23,882 to 34,553 liquid gallons. The quantity of all spirits cleared for consumption was 517,744 gallons, a decrease of 12 per cent.

Wines.—Importations in quantity were greater by 4 per cent. Consumption (83,844 gallons) was also greater by 4 per cent. More *port*, *sherry* and *claret* were supplied : but *champagne*, *ginger wine* and *vermouth* (both French and Italian), if not in less demand, were more difficult to procure".

The Customs Department have kindly furnished the following statistics of imports and clearances of potable foreign spirits at the Calcutta Custom House :—

Years.	Imported (L. P. Gallons).				Issued on payment of duty (L. P. Gallons)

* * * * * *

33. **Licenses and Revenue.**—The total number of licenses issued for wholesale and retail vend was 626 against 639* in the previous year. There were decreases under heads wholesale (4), retail "off" (4), retail "on" (3) and bars at theatres and other places of amusement (12). and increases under heads, hotels (1). restaurants (1), bars (2), railway refreshment rooms (1), dining cars (2), steamers (2) and canteen (1).

The total receipts from license fees amounted to Rs. 3,26,146 as compared with Rs. 3,67,789 in 1915-16. The chief decreases occurred in the Dacca Division, where the demand for foreign liquor is large and where increased prices naturally had the most marked effect upon consumption, and in Calcutta, on account of the decrease in the number of licenses. The receipts from duty on Indian-made foreign liquor were Rs. 3,01,820 against Rs. 1,39,114 in the preceding year. Not only was the rate of duty higher. but issues also increased.

* Revised figures.

34. **Rum manufactured in India.**—The following quantities of rum manufactured in India were issued during the year from distilleries and Excise warehouses in Bengal :—

Place of manufacture	On payment of duty.	Duty-free
	L P Gallons	L P Gallons
Konnagar	123	...
Shahjehanpur	25,855	334
Anwarganj	1,243	...

The above figures include 750 proof gallons of Shahjehanpur rum issued at a reduced rate of duty of Rs. 5 per proof gallon to the Lakhimpur Battalion. The duty-free issues were made to the Campbell. Medical College and Mayo Hospitals and to the Central Lunatic Asylum, Berhampore.

35. **Sale of spirits at strengths below the prescribed minimum.**—No case of this nature was brought to notice during the year under report.

36. **Locally manufactured beer.**—The number of breweries was two, as in the previous year, but no beer was brewed at the St. Mary's Seminary, Kurseong, for want of hops. At the Victoria Brewery, Sonada, duty was charged upon 48,030 gallons as compared with 24,771 gallons in 1915-16. The increase was due to a larger demand by the Military Department to replace imported beer.

Receipts from license-fees and duty amounted to Rs. 13,674 against Rs. 4,809 in the previous year.

Medicated Wines and Rectified Spirits.

37. **Licenses and Revenue.**—The number of licenses for the retail sale of medicated wines and rectified spirits was 114 and 20, respectively, as compared with 111 and 20 in 1915-16. The revenue from license fees decreased from Rs. 6,255 to Rs. 5,453.

38. **Manufacture and issue of rectified spirits.**—Rectified spirits were manufactured in the Asansol and Konnagar distilleries. The new distillery which was being constructed in Bahir Mirzapur Road, Maniktala. did not commence manufacture during the year.

The following quantities of rectified spirit were issued during the year from distilleries and Excise warehouses in Bengal :—

Place of manufacture.	On payment of duty.	Duty-free.	For manufacture of tinctures and absolute alcohol in bonded laboratories
	L. P. Gallons.	L. P. Gallons.	L. P. Gallons.
Asansol	3,600	6,609	4,510
Konnagar	7,104	28,394	1,975
Anwarganj	1,543	...	...
Madras	1,450	1,452	...

The duty-free issues of Asansol spirit were made to the Medical Storekeeper to Government, Calcutta, the Indian Museum, the Mathematical Instrument Office, Calcutta, the Botanical Survey of India, the Bengal Fisheries Department, to Messrs. Smith Stanistreet & Co., for the manufacture of tinctures for charitable dispensaries in Bihar and Orissa and Assam before they opened their bonded laboratory and through Messrs. Smith Stanistreet & Co. (from the warehouse attached to their bonded laboratory), to charitable dispensaries in Bengal, Bihar and Orissa and Assam ; Konnagar spirit was issued duty-free to the Cossipore Shell Factory and the Supply and Transport Department, Bombay, and Madras spirit to Messrs. Smith Stanistreet & Co., for the manufacture of tinctures for charitable dispensaries in Bengal.

39. **Manufacture of tinctures, etc., in bonded laboratories.**—In the course of the year under report Messrs. Smith Stanistreet & Co. and Dr. K. C. Bose opened bonded laboratories for the manufacture of tinctures and other medicinal preparations containing alcohol at Entally and in Bahir Mirzapore Road, Maniktala. Duty was paid on 3,159 proof gallons of spirit contained in absolute alcohol and other medicinal preparations issued from

those laboratories and from that of Messrs. D. Waldie & Co., at Konnagar, whilst absolute alcohol and other medicinal preparations containing 487·3 proof gallons of spirit were issued duty-free to charitable dispensaries in Bengal, Bihar and Orissa, and Assam. Absolute alcohol containing 6·8 proof gallons of spirit was issued duty-free to the Agricultural Adviser to the Government of India, Pusa.

SECTION IV.—Hemp Drugs.

Ganja.

* * * * * *

44. **Retail licenses.**—The total number of licenses issued in the Presidency for the retail sale of *ganja* was 1,269 as compared with 1,275 in 1915-16.

* * * * * *

45. **Consumption of Ganja.**—The total quantity of *ganja* consumed in the Presidency amounted to 2,149 maunds 30 seers against 2,137 maunds 39 seers* in 1915-16, thus showing a small increase of 11 maunds 31 seers for the first time since 1912-13. Consumption increased in 16 districts, including all the districts of the Dacca and Rajshahi Divisions, and decreased in 11. The increase exceeded 10 per cent. in Bogra (26·6 per cent. or 12 maunds), Dinajpur (24·8 per cent. or 17½ maunds), Rangpur (18·9 per cent. or 18 maunds), Nadia (12 per cent. or 5 maunds), Jessore (11·1 per cent. or 3¼ maunds) and Malda (11 per cent. or 5¼ maunds), and 5 maunds in Dacca (10 maunds 4 seers), Mymensingh (9 maunds 16 seers), and Rajshahi (6 maunds 27 seers). It was due to better crops, to better prices for jute and, in the neighbourhood of the *ganja mahal*, to the short *ganja* crop, which offered less inducement than usual to smuggle on a large scale.

The decrease exceeded 10 per cent. only in Calcutta (18·5 per cent. or 63¼ maunds) and 5 maunds in Hooghly. The fall in consumption in Calcutta was mainly due to a considerable increase in the retail price and that in Hooghly partly to the continuance of unfavourable economic conditions and partly to the fact that the vendors in the Serampore subdivision laid in large stocks at the end of 1915-16 just before the *ganja golas* were removed to Bandel.

46. **Total revenue.**—The total receipts for the year amounted to Rs. 34,89,134 against Rs. 33,83,555 in 1915-16, the net increase being Rs. 1,05,579. The revenue from license fees increased by Rs. 80,792 and that from duty by Rs. 24,787.

47. **Incidence of Taxation.**—The incidence of license fees per seer of *ganja* consumed was Rs. 19·2 and that of duty Rs. 20. The total taxation was 39·2 per seer as compared with 38·3 in the preceding year.

* * * * * *

50. **Cultivation and outturn of ganja at Naugaon in Rajshahi.**—Owing to the persistently low wholesale price of *ganja* in 1915-16 there was a general disinclination to apply for licenses to cultivate. No applications were filed up to the 9th April, and, although the time for receiving applications was extended and the Deputy Superintendent personally went through the *ganja mahal* and asked the cultivators to apply, only 2,672 applications were received for an area of 4,207 bighas, against 3,901 applications for an area of 5,627 bighas in the preceding year: 2,513 licenses covering an area of 2,850 bighas were granted as compared with 3,103 licenses covering an area of 2,999 bighas 19 cottahs and 7 chitaks in 1915-16. The prospects of the *ganja* crop were unfavourable from the beginning. Unusually heavy rainfall in September and October seriously damaged the seedlings and *ganja* plants. Fresh

* Revised figures.

nurseries were prepared and a large proportion of the fields was retransplanted, but the supply of seedlings was insufficient for the entire area licensed and about 250 bighas were surrendered. The area actually cultivated with *ganja* was only 2,501 bighas 17 cottahs and 11 chataks against 2,926 bighas 12 cottahs and 9 chataks in the preceding year. The damage by insects was not abnormal but owing to the heavy rain and the late transplantation the growth of the plants was stunted and the average outturn was only 1 maund 34 seers 3 chataks per bigha, the lowest since 1905-06. The total quantity of *ganja* stored in the public *golas* amounted to 4,642 maunds 27 seers 7 chataks, as compared with 7,232 maunds 15 seers 11 chataks in the preceding season. As it was clear that the crop would be insufficient to meet the normal demand upon it, orders were issued in January, with the approval of Government, that, with the exception of *ganja* required for export by sea, no portion of the crop of 1917 should be sold until the entire crop of 1916, with the exception of any quantity of it that was of bad quality, had been exhausted. Instructions were also issued to District Officers that no *ganja* should be destroyed unless it was obviously unfit for consumption, and the Excise Commissioners of the United Provinces, Bihar and Orissa and Assam were asked to take similar action.

51. **Manufacture and storage.**— * * *

The cost of the cultivation and manufacture of the drug is reported to have been Rs. 58 per maund as compared with Rs. 30-10 (which was however believed to be an under-estimate) in 1915-16.

* * * * * *

53. **Receipts, Issues and Balances at the Public Golas and wholesale prices at Naugaon.**— * * * * * * * * * The total exports from Naugaon during the year amounted to 5,899 maunds 25 seers 2 chataks against 5,789 maunds 5 seers 2 chataks in the preceding year. There was an increase of 276 maunds in the quantity of *ganja* supplied to the United Provinces of Agra and Oudh. but exports to Assam and Bihar and Orissa fell by 105 and 73 maunds, respectively.

* * * * * *

Bhang.

55. **Licenses and revenue.**—The number of retail licenses in the year under report was 220 against 222 in 1915-16. Two shops were abolished in the 24-Parganas and one each in Midnapore, Calcutta and Nadia. Two shops were opened in Rajshahi with the approval of the Advisory Committees to supply a demand which was being met illicitly. One new shop was also opened in Hooghly. The total number of druggists' permits issued was 219 as compared with 175 in the preceding year. The increase chiefly occurred in the Dacca and Rajshahi Divisions. The total revenue from both license fees and duty amounted to Rs. 1,12,483 as compared with Rs. 1,09.646 in 1915-16.

56. **Consumption.**—The total consumption within the Presidency amounted to 538 maunds 36 seers against 629 maunds 13 seers in the previous year. The decrease again exceeded 5 maunds in Calcutta (72 maunds) and the 24-Parganas (13 maunds) and was due to the increase in the retail price.

Three maunds of duty-paid *bhang* were exported from Calcutta to French Chandernagore.

Charas.

57. **Licenses and Revenue.**—The nu nber of retail licenses during the year under report was 30 against 33 in 1915-16. Two shops were abolished

in the 24-Parganas and one in Malda. The total revenue amounted to Rs. 48,963 as compared with Rs. 44,306 in 1915-16. There was an increase of Rs. 5,696 in the receipts from license fees, whilst receipts from duty decreased by Rs. 1,039.

58. **Imports and Consumption.**—The total quantity of *charas* imported into Bengal was 19 maunds 8 seers against 20 maunds 28 seers in the preceding year. The wholesale dealers of Calcutta, Birbhum and Dinajpur imported the drug direct from the Punjab and supplied retail vendors in the other districts of the Presidency.

The total issues to retail shops in Bengal amounted to 18 maunds 17 seers as compared with 19 maunds 25 seers in 1915-16. The only noticeable fluctuation was a decrease of 36 seers in Calcutta, due to an increase in the retail price. Eleven seers were exported to Bihar and Orissa.

SECTION V.—Opium.

* * * * * *

59. **Restricted supply of Opium to licensed Shops.**—The system under which the issue of opium to retail shops is restricted to the estimated local demand continued in Midnapore, Hooghly, Howrah, the 24-Parganas, Calcutta, Khulna, Bakarganj and Chittagong, and in a few shops in Birbhum, Nadia, Jessore, Dinajpur and Malda, and was, with the previous approval of Government, extended to the districts of Noakhali and Tippera. The large increase in issues to shops in Jalpaiguri in the earlier months of the year and the detection of a case in which the salesman of an opium shop sold 10 tolas of opium at one time led the Deputy Commissioner to suspect that opium was being sold to smugglers and he therefore restricted issues from the month of October.

60. **Licenses for retail sale.**—The total number of licenses issued for the retail sale of opium was 820 against 824 in 1915-16.

One shop was abolished in each of the districts of Bankura, Midnapore, Nadia, Khulna, Rajshahi and Rangpur. Two new shops were opened, one in the district of Dacca, on the recommendation of the Advisory Committee, to meet the demand of a locality within about 10 miles of which there was no opium shop, and the other, with the approval of the Advisory Committee, in Dinajpur, near the border of Purnea, in order to check the illegal importation of cheap opium from Bihar and Orissa.

61. **Druggists' permits.**—The number of druggists' permits was 366 as compared with 350 in 1915-16. The number of licenses for the sale of poppy heads was 3 against 7 in the previous year.

62. **Consumption.**—The total quantity of opium consumed within the Presidency was 1,127 maunds 29 seers as compared with 1,288 maunds 15 seers in the previous year, a decrease of 160 maunds 26 seers.

Consumption decreased in 21 districts and increased in 6. In four of the latter districts the increase was nominal, amounting to less than 3 per cent. There are strong reasons for believing that the abnormal increase in issues to the shops in Darjeeling (181 seers or 73·0 per cent.) and in the exports to Sikkim (226 seers or more than ten times as much as in 1915-16) was due to smuggling to China through Tibet, and a report has already been submitted to Government on the subject Issues to the shops at Darjeeling and Kalimpong, which were responsible for over 80 per cent. of the increase in the Darjeeling district, have been restricted from the 1st April 1917. The increase of 78 seers (15·3 per cent.) in Jalpaiguri is also suspected to have been due to the operations of smugglers and would have been much larger but for the action taken by the Deputy Commissioner to restrict issues. The decrease exceeded 10 per cent. in Midnapore (20·5 per cent. or 1,059 seers), Calcutta (20·5 per cent. or 3,235 seers), Nadia (20·2 per cent. or 271 seers), the 24-Parganas (16·1 per cent. or 969 seers), Birbhum (14·6 per cent. or 152 seers), Noakhali (12·5 per cent. or 27 seers), and Tippera (10·6 per cent. or 33 seers). It exceeded 100

seers in Burdwan (189 seers), Howrah (183 seers), Hooghly (168 seers) and Chittagong (125 seers), though the proportionate decreases in those districts were less than 10 per cent. Prices continued to show an upward tendency in most districts and adverse agricultural conditions contributed to the decreases in Burdwan, Birbhum and Hooghly and in the Chittagong Division. In Calcutta and the 24-Parganas the decrease in issues was largely the result of the cases detected in the former district in 1915-16, which caused the vendors to surrender at any rate part of the opium which was in excess of local requirements. Notwithstanding the large reductions since 1913-14 some leakage from Calcutta still continued, and the license of a large shop was cancelled for sales to smugglers. As there was reason to believe that a considerable proportion of the vendors was too intimately connected with smuggling to be able to break away from it, a number of them were replaced at the last settlements by men who were new to the business. The decrease in Nadia was mainly due to an extension of the restrictive system and to the vigilance of the local staff. That in Midnapore as largely the result of the abandonment of the restrictive system in Bihar and Orissa, which enabled the shops in Balasore to sell large quantities of opium at a comparatively low price. Issues to the shops near the border of Balasore decreased by more than 40 per cent. There were also complaints of underselling by shops in Singhbhum and from Birbhum, by shops in the Sonthal Parganas.

63. **Total receipts.**—The total receipts amounted to Rs. 28.71,138 against Rs. 31,35,892. a decrease of Rs. 2,64,754 or 8·4 per cent., which occurred entirely under the head of "Duty" and was due to a reduction of 12·5 per cent. in the quantity issued and to the enhancement of the cost price from Rs. 8-8 to Rs. 11 per seer. License fees increased by Rs. 49,777.

64. **Madak and Chandu.**—The habit of opium smoking was prevalent in parts of Burdwan, Birbhum, Midnapore, Hooghly, Calcutta, Nadia, Murshidabad, Dacca and Malda. but there seems to be no reason to believe that it is spreading except in Nadia. The Collector of Midnapore has again reported that the present rules have not proved effective in checking it.

65. **Morphia and Opium pills.**—The use of morphia as a substitute for opium is reported to exist to a limited extent in Hooghly. The Collector of Nadia reports that the morphia habit shows a tendency to increase and that enquiries go to show that it is prevalent among the respectable class. Two persons were arrested in Jalpaiguri for selling pills. which contained opium, for use ostensibly as a medicine but actually as an intoxicant. One case ended in conviction ; the other was withdrawn as the purchaser refused to give evidence and the quantity of opium seized was less than three tolas.

* * * * * *

SECTION VI.—Cocaine.

* * * * * *

68. **Licenses and revenue.**—Two hundred and eighteen licenses were issued during the year to chemists and druggists for the sale of cocaine as compared with 204 in 1915-16. Thirty-eight permits for the possession of cocaine were issued free to managers of hospitals or dispensaries not under Government supervision. viz.. 25 licenses for tea gardens in Jalpaiguri, five for charitable dispensaries in Tippera, three in Midnapore and one in each of the districts of the 24-Parganas, Calcutta, Murshidabad, Khulna and Noakhali. Two permits were issued to dentists in Calcutta, and one to a dentist and one to a medical practitioner in Dacca for possession and use of the drug in the course of their practice.

69. **Preventive operations and illicit transactions.**—The abuse of cocaine continues in the Calcutta district and the neighbouring parts of the 24-Parganas, in the towns of Burdwan, Asansol and Raniganj, in the

Serampore subdivision of Hooghly and in Dacca City. The habit is suspected to exist in parts of Nadia. A case of illicit possession of cocaine by a medical practitioner was detected in Khulna.

The number of persons convicted of illicit possession or sale of cocaine in Calcutta decreased from 1,001 to 234. The decrease is entirely due to the smaller number of street cases sent up by the police. One of the chief illicit dealers in opium and cocaine was arrested and convicted along with six members of his gang and several other important cases were detected, details of which have already been given in the Excise Supplement to the *Criminal Intelligence Gazette.*

The total quantity of cocaine seized in Bengal during the year was 50 lbs. 7 oz. 188 grains as compared with 86 lbs. 12 oz. 25 grains in 1915-16. Only 10 oz. 91 grains were seized outside the Calcutta district, and of this quantity 6¼ oz. were seized by the special staff at Ranaghat. In Calcutta 308 ounces were seized by Excise officers, 442 ounces by Customs officers and 46 ounces by Police officers.

Although illicit cocaine was scarce at times owing to interruption of supplies there appears to have been no continuous shortage and the price at the end of the year was lower than it had been in some of the preceding months. Some Calcutta Excise officers discovered one of the chief sources of supply in the United Kingdom (the Collector of Customs obtained this information independently) and also the means by which business was transacted and the cocaine imported into India, and got a quotation for 1,000 ounces. As a result the export of cocaine from the United Kingdom has been prohibited except under license. On the other hand, more Japanese cocaine appears to have come in. Whilst it cannot be said that the war has cut off supplies, the scarcity of shipping has interrupted them and it is at last becoming difficult to obtain German cocaine. The price of illicit cocaine is considerably higher than it was before the war, and this must have affected consumption in the same way as it affects the consumption of all luxuries. The action taken against several of the larger dealers in the course of the last two years has caused some dislocation of business and everything points to stocks being generally smaller. At the same time there seems to be no reason to believe that persons who are prepared to pay for illicit cocaine have any real difficulty in obtaining it.

SECTION VII.—Offences against the Excise and Opium Laws.

* * * * * *

The total number of persons arrested during the year was 5,303 as compared with 4,780 in the previous year. Of these 4,700 persons were convicted during the year against 4,226 in 1915-16. The number of arrests increased in 22 districts out of 27 and was due to the improvement in the working of the staff, which is gradually taking place under closer supervision, and to the employment of special preventive officers on the railways throughout the year. The increase was most marked in Midnapore (243), Burdwan (155), Hooghly (130), Nadia (115), Mymensingh (112), the 24-Parganas (91), Rajshahi (90), Faridpur (71) and Bankura (55). * * *

No. 1571L.R.—The 13th February 1918.—Under section 114 of the Bengal Tenancy Act, 1885, (Act VIII of 1885), the Governor in Council has determined that in the district of Tippera where the preparation of a

(2) Landlords shall pay the raiyats' share for lands in their khas possession, and raiyats shall pay the full raiyati share for the area recorded as covered by their holdings.

(3) As between the different grades of landlords, the landlords' share shall be apportioned thus :—

(*a*) Permanent tenureholders and temporary tenureholders whose leases have over fifteen years to run, shall pay three-fourths of the landlords' share ;

(*b*) Temporary tenureholders, whose lease has fifteen years to run, shall pay 15-16ths of the share they would pay in accordance with (*a*) above, if they were permanent tenureholders, and so on, proportionately according to the number of years of the lease to run.

Particulars relating to Pensions, Provident Fund, and Leave.

[*N.B.*—This Appendix is compiled from the regulations for the time being, and is subject to alterations from time to time The full leave and pension rules are contained in the Civil Service Regulations published by the Government of India]

1. The following is a summary of the principal pension rules applicable to Engineers appointed to the Imperial Service by the Secretary of State from the United Kingdom.

An officer is eligible for a pension on voluntary retirement after completing 20 years' qualifying service or attaining the age of 55 years. If at an earlier date he is compelled to retire from the service through ill-health not occasioned by irregular or intemperate habits, he becomes eligible for an invalid pension or a gratuity according to the length of his service.

* Officers of the Assistant Class will ordinarily pass into the executive class in the 11th year of service, but no Imperial Engineer may draw more than Rs. 9,600 per annum unless he holds charge of a division or a charge of equal importance.

The amount of pension or gratuity is regulated as follows :—

After a service of less than 10 years, an invalid gratuity not exceeding one month's emoluments for each completed year of service.

After a service of not less than 10 years an invalid pension not exceeding the following amounts :—

Years of completed service.	Maximum limit of pension.
10	Rs. 1,000 a year.
11	1,400 a year.
12	1,800 a year.
13	2,200 a year.
14	2,600 a year.
15, 16, 17, 18, 19	3,000 a year.

After a service of not less than 20 years, a retiring pension not exceeding the following amounts :—

Years of completed service.	Maximum limit of pension.
20 to 24	Rs. 4,000 a year.
25 and above	5,000 a year.

Officers who have shown special energy and efficiency during an effective service of three years in certain appointments may, at the discretion of the Government of India, be allowed an additional pension of Rs. 1,000 a year, subject to the condition that the officer must not retire voluntarily before the completion of a total qualifying service of 28 years.

Subject to certain prescribed conditions, rupee pensions are now issued at the rate of exchange of 1*s.* 9*d.* the rupee to pensioners residing in countries in which the Indian Government rupee is not legal tender.

2. A general provident fund to which all Civil Engineers entering the Public Works Department in the future will subscribe has been established for all Civil Engineers of the Department on the following basis :—

(1) The contribution is compulsory up to 6¼ per cent., on salaries, with not more than a further 9⅜ per cent. voluntary contributions. Subscriptions on leave of any kind are optional.

(2) Compound interest on such payment is annually credited by Government to each officer subscribing, the rate being at present 4 per cent. per annum.

(3) The sum which thus accumulates to the credit of an officer is his absolute property, subject to the rules of the Fund, and is handed over to him unconditionally on quitting the Service; or, in the event of his death before retirement, to such person or persons as, under the rules of the Fund for the time being in force, may be entitled thereto.

(4) Other forms of life insurance will, however, if they fulfil certain conditions, be accepted in lieu of the contributions in (1).

Leave.

3. The following is a summary of the principal regulations relating to the leave admissible to Engineers appointed to the Imperial Service by the Secretary of State from the United Kingdom.

(a) Short Leave.

4. Privilege leave is a holiday which may be granted to the extent of one eleventh part of the time that an officer has been on duty without interruption; and it may be accumulated up to three months, earned by 33 months' duty. During privilege leave the officer retains a lien on his

appointment, and receives an allowance equal to the salary which he would receive if he were on duty in the appointment on which he has a lien. An interval of not less than six months must elapse between two periods of absence on privilege leave.

Privilege leave may be prefixed to furlough, special leave, or extraordinary leave without allowances. The whole period of leave thus taken in combination is known as combined leave. Combined leave cannot be granted for a shorter period than six months, nor, except on medical certificate, may it be extended beyond two years.

5. Extraordinary Leave without allowances may be granted in case of necessity, and, except in certain specified cases, only when no other kind of leave is by rule admissible. It may be granted in continuation of other leave.

6. Subsidiary Leave in India for a minimum of ten days, usually with half average salary, may be granted to an officer proceeding on or returning from leave out of India or on retirement, to enable him to reach the port of embarkment or to rejoin his appointment. It is admissible only at the end, and not at the beginning, of combined leave.

7. Short leave is also granted to enable officers to appear at examinations, &c.

(b) Long Leave.

8. Furlough and special leave with allowances (*see* paragraph 10) are admissible to an aggregate maximum amount of six years during an officer's service. The amount of furlough "earned" is one-fourth of an officer's active service, and the amount "due" is that amount less any enjoyed.

Furlough without medical certificate can, if due, be generally taken after eight years' active service, and again after intervals of not less than three years' continuous service. It is limited to two years at a time.

Furlough on medical certificate may be granted (*a*) to an officer who has rendered three years' continuous service, for not more than two years, but capable of extension up to three years, and (*b*) to an officer who has not rendered three years' continuous service, up to one year in any case, and up to such longer period, if any (but not exceeding two years), as the officer may have furlough "due" to him.

9. The allowances admissible during furlough are—

(1) During the first two years of furlough without medical certificate and during so much of furlough with medical certificate as may be "due,"—half average salary subject to certain maximum and minimum limits.

(2) After the expiration of the period for which the foregoing allowances are admissible,—one quarter of average salary, subject to certain maximum and minimum limits.

10. Special Leave may be granted at any time for not more than six months, with intervals of six years' service; allowances, calculated as during furlough, are given during the first six months only, whether taken in one or more instalments.

General Rules.

11. Leave of absence, whether on furlough or on privilege leave, can never be claimed as of right, and is given or refused at the discretion of Government.

12. After five years' continuous absence from India, an officer is considered to be out of the employment of Government.

13. When leave allowances other than privilege leave pay are paid at the Home Treasury, or in a Colony where the standard of currency is gold, rupees are converted into sterling at the rate of exchange fixed for the time being for the adjustment of financial transactions between the Imperial and Indian Treasuries, unless any other rate has been exceptionally authorized. But for the present the rate of conversion is subject to a minimum of 1*s*. 6*d*. to the rupee. Privilege leave pay when issued from the Home Treasury (this is only admissible when privilege leave is combined with other leave) is converted at 1*s*. 4*d*. to the rupee.

APPENDIX V.

Regulations as to the Physical Examination of Candidates for Appointment to the Public Works Department of the Government of India.

Note.—These Regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the Secretary of State reserves to himself an absolute discretion to reject as unfit any candidate whom he may consider, after hearing the opinion of his medical advisers, to be physically disqualified for the public service ; and that his discretion is in no respect limited by these Regulations.

It is not the practice to communicate to candidates who may be reported as physically unfit for service in India the reasons for the Medical Board's opinion.

General Physical Requirements.

1. A candidate must be in good mental and bodily health, and free from any physical defect likely to interfere with efficient performance of duty.

2. In the examination of candidates the Medical Board will apply the following table of correlation of age, height, and chest girth :—

Age.	Height without Shoes.	Chest.	
		Girth when expanded.	Range of expansion.
	Inches.	Inches.	Inches.
21 and upwards ...	62½ and under 65 ...	35	2
	65 „ 68 ...	35½	2
	68 „ 70 ...	36	2
	70 „ 72 ...	36½	2½
	72 and upwards ...	37	2½

3. *Measurement of Height.*—The candidate will be placed against the standard with his feet together, and the weight thrown on the heels, and not on the toes or outside of the feet. He will stand erect without rigidity, and with the heels, calves, buttocks, and shoulders touching the standard ; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be noted in parts of an inch to eighths. In the Indian Police Force a minimum height of 5 ft. 4 ins. is required, but in other Departments no fixed limit of height is imposed.

4. *Measurement of Chest.*—The candidate will be made to stand erect with his feet together, and to raise his hands above his head. The tape will be carefully adjusted round the chest, with its posterior upper edge touching the inferior angles of the shoulder blades, and its anterior lower edge the upper part of the nipples. The arms will then be lowered to hang loosely by the side, and care will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air as much as is possible. This is best done by continuous whistling with the lips as long as sound can be produced. The tape is carefully gathered in during the process, and when the minimum measurement is reached it is recorded. The candidate will then be directed to inflate his chest to its utmost capacity. This maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and the maximum will then be recorded.

5. The hearing must be good.

6. The speech without impediment.

7. The teeth in good order, *i.e.*, decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth where necessary for effective mastication.

8. The chest must be well formed, the lungs and heart sound.

9. Rupture, hydrocele, varicocele, varicose veins in a severe degree, or other condition likely to cause inefficiency will disqualify a candidate, unless such condition is cured by operation.

10. The limbs, feet, and toes must be well formed and developed, with free and perfect motion of all the joints.

11. A candidate must have no congenital malformation or defect likely to interfere with efficiency.

12. A candidate must not be the subject of chronic skin disease.

13. Evidence of previous acute or chronic disease pointing to an impaired constitution will disqualify.

14 The Regulations as to the standard of vision required are shown separately for each department. In all cases of "colour blindness" a note of the same will be made on the candidate's papers.

Candidates may, if they wish it, undergo a preliminary examination by the Medical Board, which meets at the India Office every Tuesday, under the following conditions :—

(*a*) Applications must be addressed to the Under-Secretary of State, India Office, Whitehall, London, accompanied by a fee of two guineas, and a statement as to the particular appointment which the candidate desires to obtain.

(*b*) Candidates must pay their travelling expenses.

(*c*) Candidates considered to be unfit by the Medical Board at this preliminary examination are not bound to accept its opinion, but may, *at their own risk* continue their studies, with the knowledge that they will have to submit themselves for a final medical examination by the Medical Board, prior to the examination, or to their appointment.

(*d*) On the other hand, it must be distinctly understood that the preliminary examination by the Medical Board is held solely for the candidate's information, and that, if after that examination he is reported to be apparently fit, he has not on that account any claim to be accepted as physically fit when he presents himself for the final Medical Examination, upon which alone his acceptance or rejection will depend Candidates may be considered fit for the Service at the preliminary examination, but may be found at the final examination to be unfit, either on account of some physical defect which did not exist or passed undetected at the preliminary examination, or for other reasons.

Regulations as to the Standard of Vision.

1. If myopia in one or both eyes exists, a candidate may be passed provided the ametropia does not exceed 3·5 D, and if, with correcting glasses not exceeding 3·5 D, the acuteness of vision in one eye equals $\frac{6}{6}$ and in the other $\frac{6}{9}$ their being normal range of accommodation with the glasses.

2. Myopic astigmatism does not disqualify a candidate, provided the lens, or the combined spherical and cylindrical lenses, required to correct the error of refraction, does not exceed 3·5 D ; the acuteness of vision in one eye, when corrected, being equal to $\frac{6}{6}$, and in the other $\frac{6}{9}$, together with normal range of accommodation with the correcting glasses, there being no evidence of progressive disease in the choroid or retina.

3. A candidate having total hypermetropia not exceeding 4 D is not disqualified, provided the sight in one eye (when under the influence of atropine) equals $\frac{6}{6}$, and in the other eye equals $\frac{6}{9}$, with + 4 D glasses, or any lower power.

4. Hypermetropic astigmatism does not disqualify, provided the lens or combined lenses required to cover the error of refraction do not exceed 4 D, and that the sight of one eye equals $\frac{6}{6}$, and the other $\frac{6}{9}$, with or without such lens or lenses.

5. A candidate having a defect of vision arising from nebula of the cornea is disqualified if the sight of one eye be less than $\frac{6}{12}$. In such a case the better eye must be emmetropic. Defects of vision arising from pathological or other changes in the deeper structures of either eye, which are not referred to in these rules, may exclude a candidate.

6. Squint or any morbid condition, subject to the risk of aggravation or recurrence, in either eye, may cause the rejection of a candidate. Any imperfection of the colour sense is a disqualification for appointment to the engineering branch of the Railway Department. In other cases the existence of imperfection of colour sense will be noted on the candidate's papers.

For all appointments under the Indian Government a declaration, as follows, is required from Candidates.

1. I ——— declare upon honour that, to the best of my knowledge and belief, I am not at present suffering or affected with any form of disease or bodily infirmity, such as—

(*a*) Disease of the heart or lungs.

(*f*) Hydrocele.

(*g*) Malformation.

(*h*) Congenital defect.

(*i*) Defective sight or hearing.

(*l*) Gout or rheumatism.

2. That I have not to my knowledge any hereditary tendency or predisposition to mental or constitutional disease, such as—

3. That I will fully reveal to the Medical Board all circumstances within my knowledge that concern my health and fitness for the appointment for which I am a candidate.

BUDGET.

		Rules.			Rules.
1	Preparation of Budget Estimate	22—33	3.	Adequate working balance . .	35
2.	Classification of transactions .	34			

Preparation of Budget Estimate.

22. The Collector of the district shall, on or before the 15th August in each year, prepare and transmit to the District Board an estimate of the balance of the District Road Fund to be transferred to the credit of the District Fund during the financial year next ensuing under section 52, clause (1) of the Act.

23. As soon as the Collector has reason to believe that the receipts from cesses are likely to fall materially short of the original estimate supplied to the District Board under rule 22, he shall transmit to the District Board a revised estimate of the cess receipts in order that the District Board may revise its budget estimate accordingly under rule 35.

24. A budget estimate in Form No. 1 showing probable receipts and expenditure of the District Fund under all heads during the ensuing financial year, shall be prepared by the Finance Committee constituted under section 55 of the Act, and shall be laid before the District Board at a meeting to be held not later than the 15th December in each year. The budget shall be submitted to the Commissioner of the Division through the Magistrate not later than the 15th January and an abstract statement of the estimates by major heads shall be submitted by the Commissioner to the Accountant-General on the 15th February. A copy of the Public Works Department section of the budget shall be forwarded by the District Board not later than the 1st January in each year to the Inspector of Local Works, who shall send his observations thereon, if any, to the Commissioner by the 15th January at the latest.

25. The budget estimate shall set forth estimated receipts and expenditure under major, minor, and detailed heads of account, and the opening and closing balances.

(*b*) The expenditure chargeable to loans shall be distinguished from that chargeable to revenue and the balance shall be subdivided thus :—

	Rs.	A.	P.
Opening balance of loan funds ...	...	...	
Appropriation of loan funds ...	...	...	
Closing balance of loan funds ...	...	...	
Opening balance of revenue fund ...	...	...	
Appropriation from revenue fund ...	...	...	
Closing balance of revenue fund ...	...	...	

26. The budget shall be accompanied—

(*a*) by a schedule in Form No. 2 for each major head except "45—Civil Works, Communications—repairs" in which shall be entered full details of the estimated receipts and expenditure under that head, working up to the total shown under that head in the budget estimate ;

(*b*) by explanatory notes showing, wherever necessary, how the figures have been arrived at, and specially explaining any new and important item of receipt or expenditure ; and

(*c*) when any new charge requires the sanction of superior authority, by a copy of the order of sanction.

NOTE.—In entering the details of receipts and expenditure in the schedule for each major head, the same forms and the same degree of particularity shall be observed as are prescribed for district budget estimates under the orders of Government, the Accountant-General, Bengal, or other competent authority. In preparing the schedule for public works under the control and administration of the District Board, the rules and forms prescribed for the budget estimates of District Road Committees under the Cess Act, 1880 (Bengal Act IX of 1880), shall be observed

27. In preparing the budget, what is expected to be paid (under proper sanction) during the year shall be provided for, not the liability likely to be incurred or falling due within the year.

28. For fixed charges, the explanatory notes shall show the full sanctioned scale, the number of employés, rate of pay, etc.

29. The District Board may at any time transfer grants from one minor head to another minor head subordinate to the same major head.

30. Transfers from one major head to another shall not be made without the previous sanction of the Commissioner of the Division.

31. Application for sanction for reappropriations whether submitted to a meeting of the Board or to the Commissioner shall be in Form No. 3.

32. If at any time during the year the District Board has reason to believe that the budget under any head is likely to be exceeded, and that the excess cannot be met by a reduction under some other head, a supplementary budget estimate shall be prepared with the least possible delay and submitted through the Magistrate for the orders of the Commissioner in the manner prescribed in sections 47 to 49 of the Act.

33. If the Board has reason to suppose the receipts under any head are likely to fall materially short of the budget estimate, a revised budget estimate shall be prepared with the least possible delay, and submitted as above for the orders of the Commissioner.

Classification of transactions.

34. No change shall be made in the prescribed major and minor heads of account, unless authority for an alteration is communicated to the District Board by the Accountant-General, Bengal. (If, therefore, any additions or alterations are thought to be required, the question shall at once be referred to the Accountant-General, who will, if necessary, submit the question for the orders of Government.) If, for administrative purposes, it is found convenient to subdivide the detailed heads in the abstract registers, there is no objection to this being done; but all statements and returns shall be compiled according to the headings here prescribed.

Adequate Working Balance.

35. The District Board shall never, except with the previous sanction of the Local Government, exhaust or exceed its balance in the Treasury; and the budget estimates shall be framed so as to provide for an adequate working balance throughout the year and for an adequate closing balance.

CHAPTER III.

RENTS AND OTHER REVENUE.

		Rules.
1.	Miscellaneous Revenue for which there is a fixed demand.	
	(*a*) Revenue leased out . .	36—47
	(*b*) Miscellaneous Revenue managed departmentally .	48—52
2	Miscellaneous demands . .	53
3.	Bills and receipts . . .	54—57
4.	Bungalow fees . . .	58
5.	Receipts on account of fruit trees	59
6.	School fees	60—61
7.	Subscriptions and Donations .	62
8.	Contributions . . .	63

Miscellaneous Revenue for which there is a fixed demand.

Revenue leased out.

36. When the collection of revenue is leased out for fixed amounts, the recoveries shall be watched by means of the Demand and Collection Register of rents in Form No. 4.

NOTE.—The following sources of revenue are usually leased out:—

(1) Pound rents.
(2) Ferry rents.
(3) Rent of buildings and lands.
(4) Produce of lands and gardens
(5) Tolls on bridges
(6) Rent of fisheries

37. A separate page or sets of pages of the register shall be set apart for each of the above kinds of revenue for which there is a fixed monthly, quarterly, half-yearly or annual demand.

38. As, however, the sources of revenue and the circumstances are varied, the form may be modified with the approval of the Accountant-General, Local Audit Department, to meet local requirements.

39. The register in Form No. 4 shall be opened by bringing forward all arrears due from farmers whose leases have terminated and have not been renewed. The entries shall be made serially, one below the other, grouped according to the years for which the arrears are due, so that the total demand and realizations can be ascertained by totalling the vertical columns. In the case of such expired leases columns 3, 4, 7, 8 and 10 and 11 need not be filled in.

40. Below the arrear demands due by defaulters shall be entered the demands for current leases. These shall be grouped so that all the pounds or ferries subject to the control of each Local Board and Union Committee come together, and sufficient space shall be left after each group to insert any fresh leases granted during the year. A grand total shall, however, be made of the whole demand, arrears as well as current, and of the realizations of each month. The entries in columns 1 to 8 and 10 and 11 will be filled in from the kabuliyat, and those in column 9 from the previous year's account if the same lessee is in possession of the property. Columns 7 and 8 shall show if the instalments are to be paid monthly or quarterly, or shall show the due dates for payment, *i.e.*, first day of each month or quarter, etc.

41. The security deposit shall be credited direct to "Rent in the cash-book as it is practically an advance payment of rent. In the register of rents it shall be entered in the collection column of the month in which it is realized. The first March column (column 14) is provided for security deposits on current year's leases paid in March of the financial year.

42. On the expiry of the lease, the amount paid as security deposit will be entered in red ink in the collection columns for the last month of the lease and the outstanding balance reduced thereby.

43. Rents received shall be entered in the collection columns of the month in which they are received.

44. The totals of each monthly collection column shall be compared by the Vice-Chairman with the abstract register of receipts and he shall place his initials at the foot of each column. The total of the final March column must be added to the next year's first March column to effect the agreement.

45. When a lease is cancelled for any reason and the pound, ferry or other property resold the demand up to date shall be worked out and compared with the collections up to date.

46. At the close of the year the remissions shall be sanctioned by the District Board at a meeting.

47. If any pounds, ferries or other property have been placed in charge of Local Boards, duplicates of these registers shall be kept by the latter in the same way as the District Board, and these shall be prepared and checked in accordance with the instructions in rules 39 to 45. Directly the settlement for the year has been made by the Local Board, a copy of the sale list, accompanied by the kabuliyats in original, shall be forwarded to the District Board. At the close of each quarter a return in Form No. 5 shall be submitted to the District Board by each Local Board. In this form the arrears due on expired leases shall be grouped separately by the year and below these shall be entered the current leases. These returns will inform the District Board of the action taken in regard to arrears. The details of the demands and collections shall also be carefully compared with those recorded in the register maintained by the District Board, and any discrepancies shall be immediately reconciled.

Miscellaneous Revenue managed departmentally.

48. When the collection of revenue is managed departmentally, *i.e.*, collected through District Board subordinates, instead of being leased out to renters the collection shall be effected by means of machine-numbered receipt tickets in Form No. 6.

49. The tickets shalls be bound in books of 25, 50 or 100 as convenient and shall bear consecutive machine numbers. Before issue to the collecting sircars, the tickets shall be stamped with the common seal of the District Board in the presence of the Vice-Chairman. The stock of tickets shall be

kept in the custody of the Vice-Chairman and a stock account of their receipts, issues, and balances shall be kept by the accountant in Form No. 7 and the collecting sircars shall give their receipts in the proper column for tickets made over to them periodically.

50. The collecting sircars shall without fail grant a ticket to the person who pays toll or other dues. The progressive total of the sums received shall be kept on the counterfoil of each ticket in the place provided at the foot, as each ticket is issued. An inspecting officer shall see that these totals are taken regularly as directed in this rule, and shall initial the pages which he checks.

51. At such times as may be fixed by the Board but at least once a fortnight and oftener when the amount in hand is nearly equal to the collecting sircar's security, he shall remit his collections to the treasury with a chalan, Form No. 8, in triplicate. The foil of the chalan that is returned, shall be pasted in the book of receipt tickets as evidence of the remittance having been made. The progressive total on the counterfoil shall run from the date of last credit to the date of next credit, and the amount remitted shall agree with the progressive total made on the last counterfoil on the day of remittance.

52. At least once a quarter and at shorter intervals as often as possible, the collecting sircar's accounts shall be examined on the spot by the secretary or a member of the Board or other officer appointed by the Board on this behalf. The inspecting officer shall review and check the totals of at least 2 per cent of the pages of the receipt ticket book, initialling those that he checks. He shall also compare the totals of the books with the amounts remitted to the treasury as shown by the chalans and with the cash in the hands of the collecting sircar. The check shall be made from the time of the last examination under this rule, and a report of the results shall be forwarded to the Board.

Miscellaneous Demands.

53. (*1*) For demands not otherwise provided for in these rules, the Board shall keep up a miscellaneous demand register in Form No. 9.

(*2*) Columns 1 to 7 of the register shall be posted when the bills are signed and the entries regarding payment shall be made in columns 8 to 12.

(*3*) The amount shall then be credited in the treasury in the usual way (see rule 159).

Bills and Receipts.

54. Bills shall be prepared, where necessary, in Form No. 10 and shall be entered in the appropriate column of the miscellaneous demand register, Form No. 9, and their satisfaction noted in the proper column. No other receipts need be given in such cases.

55. For all money received by the Board under the rules in this chapter and in all other cases in which no receipt form has been prescribed in the rules, a receipt in Form No. 11 shall be given by the Vice-Chairman or the Secretary. The total amount received shall be written in words both on the receipt itself and on the counterfoil.

56. The bill and receipt forms shall be bound in counterfoil books. Each book shall contain 100 forms and no book shall be brought into use until all the foils and counterfoils have been consecutively numbered The numbers shall, if possible, be printed.

57. The receipt and issue of all forms shall be recorded in a stock book (Form No. 7) and on no account shall loose unnumbered forms be kept in the office.

Receipts on account of fruit trees.

59. In order to enable a proper check to be exercised over the realizations of avenue produce, a register in Form No. 13 should be maintained in the Engineer's office showing the total number of fruit-bearing trees of each

kind in each mile of a road separately. This register shall be corrected from time to time as new trees are grown and dead trees are removed. At the commencement of each year, the overseers or sub-overseers shall conduct the sales of these trees and forward sale lists to the Engineer for approval. The Engineer after approving the sale lists shall send them to the Board's office for note in the Miscellaneous Demand Register to watch recoveries.

School Fees.

60. The school fees from the Board's schools shall be realized by the Head Masters and credited to the treasury direct. When it is found inconvenient to remit the sums into the treasury, they may be allowed to be retained in part payment of the expenses of the school. In the latter case, the total sum realized during the month shall be deducted from the total of the establishment pay bill for the month, and the net amount shall be claimed.

61. The Head Master shall submit on the 1st of every month to the Board's office a statement of the amounts realized during the last month and the amount outstanding at the end of the month, in Form No. 14. The Board's office shall check the statement and the amounts realized with the amounts credited in the treasury or with the amounts deducted from the monthly establishment pay bill. (See rules 212 to 214.)

Subscriptions and Donations.

62. Subscriptions and donations for special purposes shall be recorded in Form No. 15. These subscriptions shall not be appropriated for any other purposes; and to prevent this, a separate account shall be kept in Form No. 42. (See rule 148.)

Contributions.

63. The realization of amounts due on account of contributions shall be watched by means of the Miscellaneous Demand Register (Form No. 9). As soon as the demand can be ascertained and the amount becomes due, a bill shall be prepared by the Board in Form No. 10 and accounted for in the way laid down in rules 53 and 54.

When salary is drawn for portion of a month only, the rate at which it is drawn and the number of days for which it is claimed shall be stated either against the name of the employé in the body of the bill or in a note at the foot of the page.

65. When an employé is absent from duty and acting arrangements are made in consequence of his absence, the absentee statement on the reverse of the bill in Form No. 17 shall be filled in and signed by the Chairman or Vice-Chairman.

66. Pay not distributed shall be refunded by short drawal in the next monthly pay bill.

67. To the first bill in which a periodical increment is drawn by any officer a certificate in Form No. 18 shall be appended.

68. The pay of all temporary employés who are entertained under sanction shall be billed for separately in the same form, the sanction being quoted.

69. The last payment of an employé's salary shall never be made until it has been ascertained that there are no demands outstanding against him. A certificate to this effect signed by the Chairman or Vice-Chairman shall be attached to each such bill.

Provident Fund deductions.

70. The net amount payable to the payees shall be drawn in one cheque. For the amount of Provident Fund deductions and contributions a separate voucher shall be drawn up including, if necessary, the deductions and contributions on several bills and showing merely the total deductions and contributions on account of each salary bill. The amount of this voucher shall be paid in cash or by cheque as the case may be in the Post Office Savings Bank not later than the 4th of each month.

Arrear bills.

71. Arrear pay shall not be drawn in the ordinary monthly bill, but in a separate bill, with a quotation of the bill from which the charge was omitted or withheld or on which it was refunded by deduction, or of any special order granting a new allowance. Such bills may be presented at any time and may include as many items as are necessary, but they shall be supported by a certificate from the head of the office that the amount was not paid before.

72. When the bills are paid the number and date of the voucher shall be noted on the original bill from which the charge was withheld or omitted or in which it was refunded, against the item concerned in order to prevent a second claim from being entertained.

Distribution of Salaries.

73. Every District Board employé shall give a receipt with date in the appropriate column on the Form No. 16 for the sum paid to him and shall in the case of sums exceeding Rs. 20, affix a receipt stamp before signing. The cost of such receipt stamp must be borne by the person who received the money and not by the District Board. Employés unable to write shall make their mark and shall be paid in the presence of the Vice-Chairman or some responsible officer, who shall record a certificate to that effect.

74. The drawer of the bill is personally responsible for every salary drawn on a bill signed by him until he has paid it to the persons entitled to receive it, and has had the acquittance roll signed and if necessary, stamped by the payee. If the payee does not present himself before the end of the month, the amount drawn for him shall be refunded by short drawal in the next bill; his salary can be drawn anew under rule 71 when he presents himself to receive it. Pay shall not in any circumstances be placed in deposit.

75. The drawer of the bill shall not readjust the salaries of the establishment by giving one officer more and another less, than the sanctioned pay of his post, nor shall he distribute the pay of an absentee otherwise than as provided by any general or special orders of the Board.

Records of Service.

76. (*1*) A service-book in Form No. 19, printed in English and the Vernacular, shall be supplied, at his own cost, to every employé holding a substantive appointment on the permanent establishment of a District Board. It shall be kept in the custody of the Chairman, whose signature as well as that of the employé on the first page shall be attested every five years.

(*2*) The service-book is a contemporary record of the employé's official life, including leave of every description, every period of suspension from employment, and every other interruption of service, with full details of its duration. Every entry relating thereto shall be written across the page and attested by the Chairman or Vice-Chairman, or the Secretary.

77. As regards the District Engineer, the record of his services will be kept by the Chairman in a register similar to Form No. 92 prescribed in article 784 of the Civil Account Code (District Board's Form No. 20).

78. The Chairman or Vice-Chairman is primarily responsible that every necessary entry is made, especially in regard to leave or suspension, but it is also the duty of each employé to remind the Chairman, Vice-Chairman, or Secretary, when any entry is necessary and to see that his own service-book is properly written up and attested. It should be carefully explained to each employé that, unless he does so, there may be a difficulty hereafter in verifying his service when his claim to pension shall come to be investigated and considered. Service-books shall be introduced and kept up, whether rules for the grant of pensions and gratuities have been framed or not.

Annual Establishment Return.

79. At the time of preparing the pay bill for March in each year, a detailed statement of the permanent pensionable establishment existing on the 1st April shall be prepared in Form No. 21 and transmitted to the Accountant-General direct not later than the 15th May. In preparing the statement the following instructions shall be carefully observed :—

(*a*) The name, designation, and pay of every officer, clerk, or menial servant holding a permanent pensionable appointment, whether on duty or absent on leave or deputation, or under suspension, shall be distinctly shown.

(*b*) The date of birth, of appointment to present post, and of promotion to present pay of each person should be entered in the appropriate columns of the statement; the date of the birth by Christian era shall be given, and, if the exact date is not known, the approximate date or year shall be stated.

(*c*) The name of any person acting in an appointment, as well as the acting allowance paid to him shall be shown in the column "Name of incumbent" beneath the name of the absentee for whom he is officiating.

(*d*) If the acting incumbent holds a permanent appointment upon another establishment, the fact shall be stated.

(*e*) A detailed statement in Form No. 22 shall be given at the foot of the original return, Form No. 21 showing new names of officers which are not found in the return of the previous year, and when these new names include those of persons who have entered the service of the District Board for the first time, the particulars of their previous service and the rules or orders under which their service qualifies for pension shall be given. Columns are also provided in Form No. 22 for information required in regard to the names of officers which appeared in Form No. 21 of the previous year, but are now omitted, as also regarding officers who have been on leave, other than privilege leave, or under suspension, during the previous year. In the case of any who have been under suspension, a note is required stating whether it has been expressly declared that the period of suspension shall count as service qualifying for pension.

(*f*) If any person on the establishment is a Government pensioner, or is not the servant of the District Board solely, the fact shall be noted in the statement. If he be an officer transferred from the pensionable service of Government, for whose pension contribution is paid, a note shall be entered against his name to the effect "Contribution paid to Government for pension."

When completed in accordance with the preceding instructions, the statement shall be carefully checked with the service-books, as it will be the authority by which hereafter pension claims will be tested by the Accountant-General.

Pensions and Gratuities.

Application for pension or gratuity where rules for the grant of the same have been framed and sanctioned.

80. When an officer applies for an invalid pension or gratuity, he shall be referred, if his age be less than 60 years, to the Medical Officer in charge

of the civil station of the district for medical examination. After he has been declared by the Medical Officer to be unfit for further service, he shall not be retained in active service, pending a decision on his application for pension. Service after the date of the medical certificate does not count for pension.

81. After the medical certificate of incapacity for further service has been received, an application for pension or gratuity in Form No. 23 shall be drawn up, and the applicant's service detailed in page 2 of the form verified from office records, and the result of the verification noted in the column provided for the purpose.

82. In the case of pensions or gratuities other than invalid, the applicant's services shall be verified, and the form of application filled up in the same way as in the case of an invalid pension, when the application for pension or gratuity is made by the applicant.

83. The Chairman shall certify on the application whether the character, conduct, and past services of the applicant are such as to entitle him to the favourable consideration of the District Board. If the application is for pension on the superior scale, he shall enter all periods of leave, suspension, etc., which are not reckoned as service. He shall also record his opinion whether the service claimed has been established and shall be admitted or not.

84. The application in Form No. 23, with the applicant's service-book, his last pay-certificate, the medical certificate of incapacity for further service (if the application is for an invalid pension), and the documents relied upon for the verification of the service claimed, will then be forwarded to the Accountant-General, who will return the papers with a certificate as to whether the service claimed has been duly proved, and whether the pension applied for is admissible under the rules.

85. The application, with the Accountant-General's certificate and the other papers, will next be laid before the members of the District Board in meeting for sanction.

Payment of pensions and gratuities granted under sanctioned rules.

86. When the payment of a pension or gratuity has been sanctioned by the District Board, the amount, if it be a gratuity, may be paid in a single sum; but if it be pension, it shall ordinarily be paid monthly to the pensioner in person at the office of the District Board on an authority issued in Form No. 24.

87. A pensioner not residing in the district in which he was employed may draw his pension by agent without appearing in person on production of the certificates required by the Civil Service Regulations, article 946. In such a case the District Board shall obtain every year some proof *independent* of the certificate, through the police or the officers of the Board of the district in which the pensioner resides, or otherwise, that he is actually alive. The District Board may pay a pensioner by postal money-order in any case in which hardship would arise if the pensioner were required to attend in person at the District Fund office:

Provided:—

(1) that the pensioner requests the Board in writing to remit the money in this manner;

(2) that the remittance is made at the sole risk of the pensioner and at his cost; and

(3) that before the money is remitted the Board is furnished with a life-certificate in respect of the month for which the money is to be remitted, such certificate being signed by a Magistrate, or by the Chairman or a member of the District Board within the limits of whose jurisdiction the pensioner is living, or by some person exercising the powers of a Magistrate under the Code of Criminal Procedure or by any Registrar or Sub-Registrar under the Indian Registration Act, 1908, or by any pensioned officer who, before retirement, exercised the powers of a Magistrate, or by a Chaplain, or by any gazetted officer of Government or any person holding a Government title.

In such a case the District Board shall obtain annually independent proof of the pensioner's continued existence in the manner contemplated in this rule.

88. In cases in which the pension of an officer is debitable to more than one District Fund, the entire amount of pension shall be paid by any of the District Boards under which the officer was employed, at the option of the payee, the District Board, or Boards remitting their proportionate share or shares to the disbursing Board selected.

89. On the issue of the authority in Form No. 24 for the payment of pension, it shall be entered in a register in Form No. 25. On appearance of a pensioner claiming pension, his personal marks shall be checked, and his signature to the receipt for pension compared with that given in the register and the payments noted on the back of the order in Form No. 24, which shall be presented every time payment is claimed.

90. A pensioner who is unable to appear in consequence of bodily illness or infirmity may receive his pension upon the production of a life-certificate signed by some well-known and trustworthy person approved by the Chairman. In such case the disbursing officer, who is personally responsible for any payment wrongly made shall take all possible precautions to prevent imposition, and, shall before the first payment of each year, require proof not only of the existence of the pensioner, but also of his inability to attend in person to receive payment.

91. If a pensioner or a person entitled to a gratuity dies, payment of any arrears actually due may be made to his heirs, provided that they apply within six months after his death. Even if the pension or gratuity has not been sanctioned before the death of the officer, the payment may be made under special sanction of the members of the District Board in meeting. If an officer dies before actually retiring, or being discharged, his heirs have no claim to anything.

NOTE.—Pension can be drawn for the day of the pensioner's death; the hour at which death takes place has no effect on the claim

92. If a pension remains undrawn for more than six months, it ceases to be payable, and if the pensioner afterwards appears, the Chairman, before resuming payment, is to satisfy himself that the claimant is the pensioner and that he could not draw his pension owing to circumstances to be fully explained.

Security.

93. Overseers and Sub-overseers, Store-keepers in the District Engineer's office, Union clerks and bill collectors and other employés of the Board, entrusted with the receipt, expenditure or custody of Board's money or property shall be required to furnish security to an amount to be fixed by the Board in each instance with due regard to the responsibility of the officer.

NOTE.—Chairmen, Vice-Chairmen and District Engineers are not required to give security under this rule

94. Security must be either a deposit of cash or Government promissory notes, Municipal Debentures or Port Trust Bonds of Calcutta, Madras, Rangoon and Karachi duly endorsed in favour of the Chairman, or a bond hypothecating landed property. In exceptional cases the Chairman may accept payment of the required security by deductions from salary. Such deductions shall be at not less than 10 per cent. of the salary or such sum as would make up the security in four years. In such cases personal securities shall be obtained until the full amounts of the cash securities required have been recovered, the solvency of the sureties being ascertained from time to time.

95. In the case of an employé affected by rule 94, a security bond in Form No. 26 or No. 27 shall be executed. All such bonds shall be kept under lock and key in the custody of the Chairman or Vice-Chairman.

NOTE.—A security bond executed in a particular capacity is not valid when the duties and responsibilities are added to or changed

160. On the last working day of each month the Collector shall transfer to the credit of the District Fund, and shall enter in the pass-book, the amounts of the following items calculated in accordance with the provisions in the Bengal Treasury Manual, Chapter XVI, paragraph 300—

(*c*) Cess on mines and railways.
(*d*) Interest on arrear collections of road and public works cess.
(*e*) Miscellaneous.
(*f*) Recoveries on account of cost of collection of arrear cess.

Grants from Provincial Revenues.

161. When a grant is made to the District Fund from Provincial revenues, the Accountant-General shall instruct the Treasury Officer to credit the amount of the grant to the District Fund, and send the Chairman a copy of his letter. Recurring grants are payable to the District Fund at the beginning of each year. The credit shall be made by book transfer; no bill or cheque shall be drawn, and no money shall be paid out of the Treasury.

Pass-book.

162. All moneys remitted to the treasury to the credit of the District Board, and all payments made by the treasury on cheques or otherwise on account of the District Board, shall be entered in a pass-book (Form No. 44); the pass-book shall remain in the custody of the Chairman or Vice-Chairman and it shall be sent to the treasury on the tenth and also on the last working day of every month and on any other day on which the District Board may require the posting to be done. On receipt of the pass-book by the treasury officials, the receipts and payments up to date, and credits referred to in rules 160 and 161 shall be entered therein, and when the book is received on the last working day of the month, the account shall be balanced and signed by the Treasury Officer, the amount being entered in words as well as figures. The book shall be returned to the office of the District Board as soon as the entries prescribed in this rule have been made in it, *i.e.*, on the day of receipt or the next open day at latest.

163. The pass-book will be supplied by the treasury. It is not a District Fund account-book, but is simply a copy of the account kept in the treasury of the money paid into the credit of, and disbursed on account of, the District Board, and must therefore always be written up *only by the Government Treasury Department* by whom the original account is kept.

164. No entries or marks shall, under any circumstances, be made in the pass-book by any one connected with the District Board's office.

165. The Chairman shall examine this pass-book from time to time, and shall immediately call the attention of the Treasury Officer to any discrepancy that may appear between the credits and debits shown in the pass-book and those shown in the accounts of the District Board's office.

Balance Certificate.

166. The Treasury Officer shall supply the Chairman, immediately after the close of each month, with a balance certificate in Form No. 45.

167. This certificate shall be sent by the District Board to the Accountant-General, Bengal, attached to the audit certificate (Form No. 59).

Overdrawal of Balance.

168. No Local Fund is allowed to overdraw the balance at its credit without the special sanction of the Local Government. A deficit, may, however, if necessary, be allowed to the extent to which the road and public works cesses can be ascertained to have been actually credited in the treasury subsequent to the close of the previous month's account *minus* the cost of collection up to date.

169. If the Local Government sanction an overdraft when, owing to widespread distress, the instalments of any local cess creditable to District Boards are suspended or remitted and the income of the District Boards undergoes a sudden diminution, these overdrafts should be recouped when the suspended cess is realized. Whenever Government authorize advances of money to a District Fund, the Board will be allowed to overdraw its account at the treasury to the extent of the authorized advance and special instructions on the subject will be issued by the Accountant-General on each occasion. No entry will be made in the pass-book on receipt of these instructions, which will merely be noted for guidance by the Treasury Officer and will indicate the limit beyond which drafts shall not be permitted.

Transactions with the Post-office.

170. When money is remitted to a District Board by means of post-office money-orders or when the amounts of money-orders issued on the requisition of a District or Local Board are returned unpaid they will, in accordance with the post-office rules on the subject, be sent by the post-office of payment direct to the Treasury Officer for adjustment of the amount by book transfer to the credit of the District Fund. An advice-list with coupons and acknowledgments attached will be sent on the same day by the Treasury Officer to the District or Local Board's office, as the case may be, in token of the adjustment having been made. The Chairman shall despatch the acknowlegments to the remitters of the money-order. The Chairman of the Local Board shall also forward the original coupons with a copy of the advice-list to the office of the District Board, retaining the original advice-list in his own office and shall furnish full details of all items of unpaid money-orders which will be entered in red ink.

Money-orders.

171. When writing out money-orders in payment of a bill the number of the cheque and the serial number of the item in the bill shall be written on the acknowledgment portion. When received back the acknowledgment shall be carefully filed in serial order with the voucher. Wanting acknowledgments shall be called for after a month from the Postal Department.

Register of undelivered Money-orders.

172. (*1*) A register in Form No. 46 shall be opened for money-orders which the Postal Department refunds to the District Board owing to the payee not being found.

(2) The register will serve the double purpose of providing a means of watching that these refunds are brought to credit, and in case of the payee afterwards making application for the money, of ascertaining whether the sum is due from the District Board or from the Postal authorities.

Payment of Claims.

173. A Board shall pay promptly every claim against its fund that is clearly due. Every contractor shall, so far as possible, be paid on monthly bills, and every labourer employed direct by the Board or an official of the Board shall be paid daily or weekly as he may desire. But no money shall be drawn before it is actually required for payment; and no undue delay shall occur in the disposal of money drawn.

174. (1) Every bill or other claim for payment from the District Fund shall be presented in the first instance to the accountant, who shall check and examine it, and, if it be found correct and in order shall submit it for orders to the Chairman. If payment of the bill so presented is to be made, an order for the payment shall be endorsed upon it. The order for payment shall run as follows:—"Pay Rupees only (Rs.)," the amount being written in words as well as in figures, and shall be signed by the Chairman.

(2) The Accountant shall also note on it the classification of the charges according to the heads laid down in Form I, or in such greater detail as may be necessary for entry in the cash-book after payment.

175. All payments exceeding Rs. 20 shall be made by cheque; claims for smaller sums shall be paid in cash from the permanent advance.

NOTE. *See* rules 7, 98 and 103 to 107 for recoupment of permanent advance.

176. In passing for payment bills in respect of public works charges which have been already passed by the District Engineer, the District Board's office shall compare the rates allowed by the District Engineer with those sanctioned in the agreement, and, in cases in which there is no agreement, shall compare the bills with the sanctioned estimate.

177. A register of work bills shall be kept in Form No. 47 and all bills passed for payment shall be entered therein. From this register the Board's office must check the allotment and balance available for each work and the District Engineer's accountant must also refer to it in order to verify his register of works.

178 (1). If the bill is to be paid out of the imprest, the chairman shall sign the pay order on the bill and make it over to the accountant for payment. The accountant shall, after payment, stamp the voucher with the words "paid in cash" in conspicuous type. This shall be attached as a sub-voucher to the next contingent bill (Form No. 28). If the bill is to be paid by cheque, it shall be made over to the accountant. The cheque shall be written out by the accountant and the bill stamped "Paid by cheque No. dated " in conspicuous type. Both the bill and the cheque shall then be placed before the Chairman who shall sign the cheque and initial (with date) the "paid" endorsement on the bill in token of having signed the cheque for the bill.

(2) The amount of the cheque shall be entered in the cash-book as soon as the cheque is signed.

179. Every payment from the District Fund shall be supported by a voucher in a proper form duly signed and receipted by the payee himself and stamped, if necessary. If payment is made to another person duly authorized by the payee to receive payment on his behalf the signatures of both are necessary. A receipt signed by another person for the creditor will be invalid.

180 (1). Payments to illiterate persons shall be attested by a competent witness in addition to the paying officer.

(2) When the payee signs in vernacular the amount acknowledged shall be noted by him in the same vernacular.

Filing of Vouchers.

181 (1). Bills which have been paid by cheque shall be divided into the following classes, namely, (1) salary and establishment bills, and (2) other

bills. Each class of bills shall be pasted in a separate guard file and shall be consecutively numbered in order of payment:

Provided that sub-vouchers, which have been paid in cash out of the permanent advance, shall be separately filed, together with the recoupment voucher covering them.

(2) The following memorandum instead of this voucher shall be pasted into the guard-book for bills other than salary and establishment bills.

Memorandum.

Voucher No. , dated , for Rs. in recoupment of the Chairman's or other imprest-holder's permanent advance, will be found in the separate file.

Cash-book.

182. The District Fund cash-book shall be kept in Form No. 43.

The receipt entries in this book shall be made day by day as follows:—

(1) In the case of money remitted to the treasury (otherwise than by money-orders) for credit to the District Fund under rule 158, from the duplicate chalans mentioned in rule 159.

(2) In the case of money-orders, from the coupons attached to the advice list received from the Treasury Officer. (*Vide* rule 170.)

(3) In the case of the book adjustments specified in rule 161, from the copies of the Accountant-General's letter received under that rule.

(4) In the case of road and public works cesses mentioned in rule 160, from the pass book.

Expenditure shall be entered from the details of vouchers day by day as cheques are signed. (*See* also rule 178 (*2*)).

NOTE.—In the case of a cheque which has to be signed by two persons under rule 188 the date on which it is first signed by either of them shall be taken to be the date of the cheque.

Closing of the Cash-book.

183. The cash-book shall be closed and balanced on the last working day of each month and shall be signed by the Chairman after comparison with the pass-book. In the event of any cheques issued during a month remaining uncashed by the treasury at the close of the month, there will necessarily be a difference between the balance brought out in the cash-book and that of the treasury pass-book and of the certificate issued by the Treasury Officer under rule 166. This difference shall be explained by a note in the last page of the cash-book for the month in the following manner :—

NOTE.—When a cheque has been cancelled (*see* rules 194 and 195) it will not be entered in the list of uncashed cheques.

Cheques.

184. Cheques drawn on a treasury shall be in form No. 48. Cheque-books containing 100 cheques each will be provided by the officer in charge of the treasury. Each book shall bear a number which shall be repeated upon each cheque contained in it, together with the consecutive number of each cheque form and the Drawing Officer shall notify to the treasury upon which he draws the number of the cheque-book which he from time to time brings into use. Outside the book there shall be instructions to keep it under lock

and key in the personal custody of the Drawing Officer, who, when relieved, shall take a receipt for the correct number of cheques made over to the relieving officer, a specimen of whose signature shall at the same time be forwarded to the treasury concerned.

185. (*1*) On receipt of a cheque-book from the treasury, the officer to whom the duty of signing cheques is allotted shall count the cheques, and shall record on the back of the cheque book that "this cheque book contains . . . . forms."

(*2*) The cheque-book shall remain in the custody of the officer who usually signs the cheque.

186. The cheque-book in use may be made over to the accountant whenever required, but it shall be returned before the office is closed for the day and shall on no account be left in the entire charge of any subordinate.

187. The officer in whose custody it is to remain shall satisfy himself periodically that all unused cheques are in the book and that none have been surreptitiously extracted.

188. Cheques for sums not exceeding Rs. 500 shall be signed by the Vice-Chairman or by the Chairman, or if both be absent, by a member of the Finance Committee. Cheques for sums exceeding Rs. 500 shall be signed both by the Chairman and the Vice-Chairman, and if either of them be absent, such cheques shall be signed by the Chairman or Vice-Chairman present and another member of the Finance Committee.

189. Whenever necessary, and if convenient to the treasury, cheques issued by the District Board may be enfaced at the district treasury for payment at the sub-treasury. In such cases the payees' receipt shall be obtained through the Local Board which shall take it before delivery of the cheque to him.

190. No cheque shall be signed unless required for immediate delivery to the person to whom the money is to be paid, nor until the bill, which it will discharge, has been presented in a complete form, examined and passed for payment in accordance with rules 174(*1*) and 178. The practice of retaining signed cheques in the office shall not be permitted.

191. Every cheque shall be drawn in English in favour of the person to whom the money is actually due. Payment shall not be made to any other person except on production of a written authority from the creditor to receive it on his behalf:

Provided that this rule shall not apply to—

(*a*) Cheques issued for a sum of money distributable as pay or wages among a number of District Board employés.

(*b*) Cheques for recoupments of permanent advance.

(*c*) Cheques for payments of money by Remittance Transfer Receipts (article 143A, Civil Account Code, Volume I).

(*d*) Cheques for payment of money in places where there are treasuries but under the rules Remittance Transfer Receipts are not permissible (pay allowance, etc.) and where there are no treasuries. In such cases the money shall be remitted by money-orders and the cheques shall be drawn in the name of the Post Master.

(*e*) Cheques for payment of money to Government. If the money is accounted for by a special department of Government, such as the Income-tax, the Land Acquisition Department, etc., the cheques shall be drawn in favour of the officer-in-charge of the department concerned. But in other cases the cheque shall be drawn in the name of the Treasury Officer and forwarded to him for credit to Government.

NOTE.—Cheques in favour of the District Engineer shall be "to order."

192. The amount of every cheque shall be written in words as well as in figures, both on the cheque itself and on the counterfoil, and the counterfoil shall be initialled by the person or persons who sign the cheque. The word "only" shall always be inserted after the amount written in words in the body of the cheque.

193. Every cheque drawn for a sum, whether exceeding Rs. 20 or not, shall bear a receipt stamp of the value of one anna, and such receipt stamp shall be affixed before the cheque is signed.

Cancellation of Cheques.

194. When a signed cheque is cancelled, it shall be enfaced or stamped "cancelled" by the drawer of the cheque, and shall be destroyed as soon as the accounts for the month in which the cheque was drawn have been audited by the Finance Committee.

195. The fact of cancellation shall be noted in red ink under the initials of the drawer of the cheque upon the counterfoil and also across the passing order which has been enfaced upon the voucher.

196. A cheque remaining unpaid from any cause for twelve months from the date of its issue shall, however, be cancelled, and the amount shall be written back in the manner prescribed in rule 207.

Cheques lapsed or lost.

197. Cheques are current for three months only. After the expiration of that period, payment will be refused at the treasury, and the person in whose favour the cheque was drawn will, therefore, have to bring it back to be re-dated. No fresh cheque should be issued; the lapsed cheque shall simply be re-dated and the alteration initialled by the Chairman or official whose duty it would be to sign the cheque under rule. A note of the fact of re-dating shall be entered in the cash-book against the original transaction. The alteration will in no way affect the accounts, and no further entries shall be made.

198. When a cheque is reported as lost during the period of its currency the Chairman shall forward to the Treasury Officer concerned a certificate in the following form for signature :—

Certified that cheque No. , dated for Rs. reported by the (disbursing officer) to have been drawn by him on this treasury in favour of has not been paid and will not be paid if presented hereafter.

Treasury Officer.

TREASURY,

The *19* .

199. On receipt from the Treasury Officer of the certificate signed by him, the Chairman will draw a new cheque in lieu of it, the fact of the loss and the number and date of the new cheque will be recorded on the counterfoil of the old cheque, and the number and date of the old cheque that is lost will be recorded on the counterfoil of the new one. The fact of the new cheque having been issued will be entered on the date of issue in red ink parenthetically in the cash-book but not in the column for payment. A note will also be made against the original entry in the cash-book.

Correction of the Cash-book and Abstract Registers when Cheques are cancelled.

200. If the cheque is cancelled in the month of issue before the cash-book is closed and before the abstract register has been posted, all that is necessary is to strike out the entry in red ink under the initials of the Chairman. If, however, the abstract register has been posted and the correction is made in the same year, the cheque shall be removed from the list of outstanding cheques, and the amount credited in the cash-book as a miscellaneous receipt, "deduct" entries being at the same time made in the adjustment register under that head and the head of expenditure to which it was originally charged.

201. If, in any case, a cheque is cancelled after the accounts of the year have been compiled and published, the cheque shall be removed from the list of outstanding cheques, and the amount shall only be entered in the cash-book as miscellaneous receipt and an adjustment made in the accounts in accordance with the instructions contained in rules 207 (*d*) and 209.

Abstract Register of Receipts and Expenditure.

202. All the entries on the receipt side of the cash-book, Form No. 43, shall be posted item by item direct from the cash-book into the abstract register of receipts, Form No. 49, and all the entries on the payment side of the cash-book shall be similarly posted into the abstract register of expenditure, Form No. 50.

203. The abstract registers shall be posted as frequently as may be convenient, but in no case later than ten days after the close of the month to which the accounts relate.

204. The columns of the abstract registers shall be totalled every month and the totals of the cash transaction must necessarily be equal to and shall be compared by the Chairman with the totals of receipts and payments in the cash-book. He shall initial the abstract registers in token of having made this comparison.

Adjustments.

205. For the record of transactions other than cash a register of adjustments shall be opened in Form No. 51.

206. (*1*) The chief adjustments to be dealt with in the said register are :—

(1) Rectifications of error in classification.

(2) The adjustment of a bill against an advance.

(3) The charge to a head of expenditure by credit to deposits of a sum due on a contractor's bill which sum is retained as security deposit.

NOTE.—The 10 per cent. deductions from contract certificates or other provisional disallowances pending inspection or approval of the work shall not be adjusted under this rule. In such cases only the net amount paid shall be entered in the accounts.

(4) Adjustments due to refund of income or recoveries of expenditure.

(*2*) These transactions shall be entered item by item in the register of adjustments (Form No. 51), the totals being passed from this register into the abstract registers of receipts and expenditure, but before the postings are made in the abstract registers the net total of the receipt heads shall be agreed with the net total of the payment heads.

207. The methods of entry in the register of adjustments shall be as follows :—

(*a*) In case (1) the adjustment shall be made by entering the amount in the space for "add entries" in the column for the head to which the amount is to be added, and again in red ink in the space for "deduct entries" in the column for the head from which the amount is to be deducted. Both entries will be made on the receipt side, if the amount is to be transferred from one head of receipt to another; and both will be made on the expenditure side if the amount is to be transferred from one head of expenditure to another.

(*b*) In case (2) the adjustment shall be made by entering the amount in the space for "add entries" in the column of the expenditure side for the head to which charges on account of the particular expenditure incurred are to be taken and on the receipt side in the space for "add entries" under the head "advances recovered." A corresponding entry must be made on the receipt or credit side of the advance ledger (Form No. 36) of the person by whom the expenditure was incurred and to whom the amount adjusted was originally advanced.

(*c*) In case (3) the adjustment shall be made by entering the amount on the expenditure side in the space for "add entries" in the column for the head to which the balance of the charges of the bill from which the deduction has been made has been taken, and on the receipt side in the space for "add entries" under "deposits received."

(*d*) In case (4) an adjustment shall ordinarily be made by deduction from similar receipts or payments of the current year, but a refund of expenditure exceeding Rs. 5 0 shall be finally credited as a receipt under the corresponding revenue head.

208. When income is refunded, the refund shall be charged in the cash-book to the major head of expenditure corresponding to the major head of receipt to which it was originally credited, or if there is no such head, to "32—Miscellaneous." The amount shall then be deducted in the adjustment register from both the head of receipt to which it was originally credited and the head of expenditure to which the refund is charged.

209. When the expenditure is recovered, the amount shall be credited in the cash-book to the major head of receipt corresponding to the major head to which the expenditure was originally charged, or if there is no such head, to "XXV—Miscellaneous." The amount shall then be deducted in the adjustment register from both the head of expenditure to which it was originally charged, and the head of receipt to which the recovery is credited.

NOTE.—Adjustments affecting the Advance and Deposit heads shall be made even after the close of the year.

210. Adjustments made by deduction in the abstract registers shall always be written in red ink.

Vice-Chairman's Orders for Adjustment.

211. Specific orders of the Chairman or Vice-Chairman for adjustments shall be taken in cases (1) and (2) in rule 206 on the bill or voucher, and in cases (3) and (4) in that rule on separate memoranda which shall be filed.

Adjustment of Educational Charges.

212. The procedure indicated in rules 213 and 214 is to be adopted in cases where it is found inconvenient to require that the fees and fines realized in schools shall be remitted to the treasury, and where consequently they are allowed to be retained in part payment of the expenses of the school. As this practice necessitates the opening of a special register, and entails an appreciable increase of work in the Account branch of the office of the District Board, it shall not be adopted unless the remittance of school fees to the treasury is really a matter of considerable difficulty.

213. Each bill as it is received shall be entered in a register in Form No. 52.

214. The gross amount of each bill shall equal the total of the two columns "net amount paid by cheque" and "adjustment—receipt side—Fees from schools and contributions;" and the amount of the adjustment on the receipt side shall be equal to that on the payment side under the head "Secondary schools," "Primary schools" or "Other schools." The adjustments in the accounts shall be made monthly through the adjustment register from the total figure arrived at in this register.

(*See* rules 60 and 61.)

Incorporation of the Local Board transactions in the District Board Accounts.

215. The transactions of the Local Board, as exhibited in the authenticated copy of their cash-book, shall be scrutinised and passed by the Chairman of the District Board, and shall be at once incorporated in the cash-book and other accounts of the District Board.

216. Separate serial numbers for the year with some distinguishing mark for each Local Board shall be assigned to the vouchers of Local Boards, *e.g.*, Sadar Local Board's vouchers may run from A1 to A100 for the year, and that of other Local Boards from B1, C1, etc. These vouchers shall be filed separately from the District Board's vouchers.

(*See* rule 156.)

Incorporation of the Union Committee transactions in the District Board Office.

217. Contributions from the District Fund shall be debited in the District Board's accounts to the head of "Advances—Advances to Union Committees," and when they appear as receipts in the account submitted by the Union Committee, the same head shall be credited. All other receipts and charges shall be recorded under the appropriate revenue and service heads of accounts. The transactions of the Union Committees exhibited in the quarterly account shall be incorporated in the cash-book of the District Board after the transactions of the Local Boards. The total payments only under each head of account shall be recorded, and not the details shown in the vouchers.

Monthly, quarterly and annual accounts.

218. Registers of monthly and quarterly receipts and expenditure shall be kept in forms Nos. 53 and 54, and shall be compiled from the abstract registers. The progress of expenditure as compared with allotment shall be shown in such detail as may be necessary, the particulars being obtained from the cash book.

219. In the first month of every quarter a copy of the "monthly and quarterly accounts" showing only the budget estimate and quarterly figures for the previous quarter's receipts and expenditure shall be published by lodging a copy signed by the members of the Finance Committee and countersigned by both Chairman and Vice-Chairman in the office of the Magistrate and Collector of the district.

220. (*1*) An annual account in Form No. 55 showing the consolidated receipts and expenditure for the year shall be published in the same manner as the quarterly accounts not later than the second month of the next year. It shall be accompanied by a schedule setting forth the sums expended on each work under—

45. Civil Works—

Original works—

1. Civil Buildings.
2. Communications.
3. Miscellaneous Public Improvements.

Water-supply and Water-works—

1. New tanks and wells.

Drainage works.

These details may be obtained from the register of work bills.

(*2*) A copy of the annual account shall at the same time be despatched to the Accountant-General.

Office Order Book.

221. An office order book shall be kept by the District Board in which all appointments, promotions, leave, suspensions, fines, office arrangements and orders generally shall be noted. The Vice-Chairman shall see that this order book is kept in a correct and complete manner.

Establishment Check Register.

222. The whole establishment of the District Board shall be recorded in the establishment check register (Form No. 56) in which every appointment as made shall be entered. The entries in columns 1 to 6 of the register shall be made from the sanctions for each appointment, and shall be grouped according to the different branches of the establishment, a total being made for each. When any revision of the establishment is made the details of the revision shall be noted in the register, the number and date of the Resolution or order being quoted in column 1 thereof. Every entry in this register shall be initialled by the Chairman, Vice-Chairman or Secretary.

223. Details of every establishment bill after it is checked by the accountant shall be posted into the establishment check register (Form No. 56). Pay shall be recorded under the month for which it is due, not under that in which it is disbursed.

Temporary Establishment.

224. Temporary establishment shall be entered in the establishment check register (Form No. 56) at the end of the space allotted for the permanent establishment and shall not be mixed up with it. The period for which the temporary establishment is sanctioned shall be distinctly specified in the second column below the details of appointments sanctioned and lines shall be drawn across the columns of the months previous and subsequent to such period, so as to prevent admission by oversight of pay for a period in excess of sanction.

Fixed Recurring Charges.

225. Other fixed recurring charges, such as scholarships, grants-in-aid rents, chaukidari and municipal taxes payable by the District Board and periodical contributions to Government for pay and allowances of Sub-Assistant Surgeons and Veterinary Assistants, etc., shall be recorded and checked in the same manner as establishment charges. The establishment check register (Form No. 56) shall be used for this purpose, separate pages being opened therein for these charges.

Register of Lands.

226. A proper record of all lands, including roads, lands on road sides, sites of buildings, tanks, etc., in the possession of the District Boards shall be kept in Form No. 57.

227. If any plot of land shown in the register is sold or otherwise transferred from the possession of the Board, the entry for it should be struck off, and the facts in connection with the transfer stated in the column for remarks under the initials of the Chairman or the Vice-Chairman.

228. The Chairman shall periodically, but not less than once a year, re-examine the register of immovable property and satisfy himself that the record is correct and complete. He shall take such steps as he may consider necessary to have the boundaries of immovable property verified.

Register of Properties.

229. Registers and stock books (Form 60) of movable and immovable property which belongs to the Board shall be maintained as shown in the table below. Where no officer is specifically mentioned in column 2 the Chairman shall decide what official shall be the officer in charge. A separate list shall be prepared and hung up in each building owned by the Board showing the furniture, etc., contained in it. No separate list is required for

such things as forms, medicines and stores which are in process of consumption and are shown in a stock book where balances are struck :—

Annual Verification of Properties.

230. All movable property of the Board at head-quarters shall be verified annually by such members of the Board as are appointed by the Board for this purpose. Movable property in buildings away from head-quarters shall be verified at least once in two years in the same manner, provided that furniture and apparatus in vernacular schools shall be verified annually by the Deputy and Sub-Inspectors of Schools. In the case of dispensaries the verification by members shall extend to furniture only. Stock books of medicines and instruments shall be examined by Civil Surgeons.

231. The verifying officer shall personally satisfy himself that the balances are correct and shall sign and date the register or stock book and the list (if any) and shall report the result to the Secretary.

232. When for any reason it is not possible to verify the whole balance of one form of property in one day, the verifying officer shall verify a portion each day, and take precaution that each portion verified is secured from interference until he has verified the whole.

Indent Book of Stores.

233. All orders for supplies required for the Board itself or for the educational and other institutions under it, shall be issued in Form No. 58, duly signed by the Chairman. The Chairman shall see that the persons or firms concerned furnish bills for payment immediately after the completion of the supplies, supported by the order. The date of completion of the supply, the date of receipt of the bill, and the date of payment shall be promptly noted on the office copy of the indent by the accountant, as each stage occurs.

Destruction of Records.

234. At the close of every year the Chairman of the District Board shall consider what records of the District Board's office may properly be destroyed. In giving sanction to the destruction of such records, he shall be guided by the general rules issued by Government from time to time in this behalf. At the same time, he shall submit to the Inspector of Local Works a list of those records of the District Engineer's Office which may properly be destroyed. In giving sanction to the destruction of such records, the Inspector of Local Works shall be guided by the provisions of the Public Works Code.

INSTRUCTIONS FOR PREPARING THE TRAVELLING ALLOWANCE BILLS.

1. Journeys of different kinds, and journeys and halts, should not be entered on the same line. Only one kind of allowance should, therefore, be filled in on the same line and its amount carried out separately into the last money column.

2. Hours of journey should be mentioned only—

(1) when, for an absence from head-quarters of not more than two consecutive days, daily allowance is claimed for two days ;

(2) when mileage or actual expenses in lieu thereof are claimed ;

(3) when both railway or steamer fare and daily allowance are claimed in respect of a journey by rail or steamer and immediately preceded or followed by a journey by road or by a halt.

3. Number of miles travelled should be entered in all cases of journeys by road or by boat.

4. The daily allowance of an officer acting in an appointment should be calculated on the pay or maximum pay of the appointment. (In the column "Pay" the full sanctioned pay of an appointment officiated in should be shown, but in the column "Designation" the word "Acting" should be entered against officers who are officiating in appointments)

5. Permanent travelling, conveyance and horse allowances should be drawn along with the pay of the officer and not on Travelling Allowance Bills.

6. Fractions of a mile in the total for each person should not be charged for.

7. When the first item of travelling allowance to any officer is a halt, the date of commencement of that halt should be stated in the Remarks column.

MUNICIPAL AND LOCAL.

NOTIFICATIONS.

Burdwan.

No. 555M.—The 22nd February 1918.—In exercise of the power conferred by section 290 of the Bengal Municipal Act, 1884 (Ben. Act III of 1884), the Governor in Council makes, in supersession of the rules published with Notification No. 196M., dated the 11th January 1898, the following rules subject to which the Commissioners of the Burdwan Municipality may allow communication pipes to be laid down from the service-pipes of the Commissioners for the purpose of leading water to premises within the Municipality for domestic purposes only :—

Rules.

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may allow any owner or occupier of a holding paying a water-rate imposed under the provisions of Part VII of the Bengal Municipal Act, 1884, on the annual value of such holding, when such annual value is not less than Rs. 100, to lay down communication-pipes from the service pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only, subject to the following rules and conditions :—

1. The owner or occupier of any holding requiring water to be laid on to such holding for domestic purposes, or requiring any addition or alteration to an existing water-supply, must apply for the same on a printed form to be supplied, free of cost, at the Municipal Office.

2. A fee of Rs. 125 must be paid to the Commissioners by such owner or occupier for each connection to a municipal main supply-pipe before any work is commenced, such fee to be in addition to all other costs and charges imposed under these rules.

3. Each holding must have a separate connection to the municipal main supply-pipe, and extension from the communication-pipe of one holding to another holding shall not be permitted :

Provided that no holding shall have more than one separate connection, but if in any case the Commissioners at a meeting are satisfied that an adequate supply to any holding cannot be given through a single connection, they may sanction a second connection thereto.

4. The owner or occupier of the holding in respect of which the connection is required must pay the entire cost of the connection, including the

supply and fixing of the fittings referred to in rule 7, and must also pay the cost of such alterations in, or repairs to, roads, drains, sewers, gas or water-mains or pipes, and the cost of such other works as may be necessitated by, or result from, the work of making such connection.

5. The owner or occupier of the holding to which a connection has been given must, at any time, on receipt of notice to do so from the Commissioners, pay the entire cost of any repairs or alterations to the connection or any part thereof that the Commissioners may consider necessary to put it into a satisfactory condition, or which may be necessitated by any change in the Municipal water-works or system of distribution, or by the defective condition of the connection or any part thereof, or by any other cause whatever.

6. (*1*) The works required under rules 4 and 5 may, at the option of the Commissioners, either be carried out by the Commissioners themselves at the expense of the owner or occupier of the holding in respect of which the works are required, or may be carried out by a person or firm employed by such owner or occupier and approved by the Commissioners.

(*2*) No work shall be carried out under sub-rule (*1*), except under the supervision of a Municipal Officer.

7. A holding connection shall comprise the following parts or fittings :—

(*a*) a brass or gun-metal ferrule inserted in the main supply-pipe ;
(*b*) a galvanised iron communication-pipe from the ferrule to the meter ;
(*c*) a stop-cock and its surface-box ;
(*d*) a meter ;
(*e*) service-pipes from the stop-cock to the taps ; and
(*f*) taps.

8. (*1*) All the fittings referred to in rule 7 shall be exact duplicates of standard samples kept in the office of the Commissioners, and approved by them in meeting.

(*2*) All fittings shall be inspected and tested and stamped by an officer of the Municipality before being fixed.

(*3*) If any owner or occupier shall desire to adopt any fitting of a pattern different from the standard patterns, he must present such fitting for the approval of the Chairman, and any fitting so presented may, if considered satisfactory by the Chairman, be stamped, and samples thereof may be purchased and placed among the standard fittings.

9. The holding connection, when fitted in position, must be capable of standing a pressure of 100 feet, and no water shall be supplied until it has stood such a test applied by the Commissioners.

10. The size of the ferrule and the diameter of the communication-pipe referred to in clauses (*a*) and (*b*) of rule 7, and the number of taps shall be fixed in accordance with the annual valuation of the holdings as follows :—

Annual valuation of holding not exceeding—	Number of taps.	Size of ferrule.	Diameter of communication-pipe.	Size of bib-cock.
Rs.		Inch.	Inch.	Inch.
150	2	½	½	½
450	2	¾	½	½
1,500	3	¾	¾	½
3,000	3	¾	¾	½
6,000	4	¾	1	½
Above 6,000	4	1	1	¾

11. (*1*) On every communication-pipe a brass or gun-metal stop-cock having the same waterway as such pipe shall be placed as near as practicable to the point where that pipe enters the holding to be supplied.

(*2*) The stop-cock shall be built in a brick chamber provided with a cast-iron surface cover-box so designed that it can be locked, and the key of this box shall remain under the control of the Chairman.

(*3*) The stop-cock shall be capable of adjustment so that the supply to the holding may be regulated thereby.

12. (*1*) The meter shall be placed as near to the stop-cock as possible and in a position where it can be conveniently examined.

(*2*) The meter must be fixed in a brick chamber covered over with a cast-iron surface-box of approved pattern.

13. Neither the stop-cock nor the meter must be placed in any private premises.

14. The Commissioners shall depute an authorised person to read every meter not less than once a quarter, and shall give notice to the occupier at least twenty-four hours before the reading is recorded. If he fails to attend, the inspection shall be made in his absence.

15. (*1*) Every owner or occupier of any holding in respect of which a connection has been made under these rules shall be entitled to a supply of—

(*a*) 3,000 gallons of water per quarter for each rupee, and

(*b*) a further proportionate number of gallons per quarter for every additional fraction of rupee,

paid by him quarterly as water-rate in respect of such holding.

(*2*) For all water in excess of the amount allowed under sub-rule (*1*), such owner or occupier shall be charged quarterly six annas for each 1,000 gallons or any fraction of it.

16. The Commissioners may cut off the connection between any water-works of the municipality and any holding to which water is supplied from such works, or may turn off such supply, in any of the following cases, namely :—

(*a*) if the holding is unoccupied ;

(*b*) if the occupier refuses to admit any officer duly empowered in that behalf into the holding for the purpose of making any examination or inspection authorised under the provisions of Part VII of the Bengal Municipal Act, or under any by-law or rule framed under this Act, or prevents such officer from making such examination or inspection ;

(*c*) if the owner or occupier of the holding touches or interferes with his meter in any way, or wilfully or negligently injures or damages it ;

(*d*) if the owner or occupier of the holding wilfully or negligently permits waste of water in such volume as will, in the opinion of the Chairman, endanger the water-supply in the neighbourhood ;

(*e*) if the owner or occupier of the holding shall refuse or neglect to pay any of the fees or charges imposed in accordance with these rules for a space of fourteen days after he has been served with a notice of demand for the same ;

(*f*) if the owner or occupier of the holding constructs or fixes any cisterns, tanks, reservoirs, taps, pipes, pumps or any other works in connection with the water-supply not authorised by these rules ;

(*g*) if the pipes, taps, ball-cocks, cisterns, or any other parts of the connection are, in the opinion of the Commissioners, in a leaking condition or a state of disrepair, after notice to repair such defect has been served :

Provided that such disconnection or turning off of water-supply shall not relieve any person from any liabilities which he may have incurred under these rules.

In the circumstances contemplated in clause (*d*) an officer authorised by the Commissioners in this behalf by a general order shall have the power to turn off the supply for a period not exceeding eight hours on his previously recording his reason in writing.

17. No tap shall be of larger size than the pipe to which it is attached and shall be of brass and of the pattern known as "Screw-down." Every tap shall be at least 3 feet above the surface of the ground beneath.

18. No cistern, tank or reservoir of any description which is intended to be supplied with water from the Municipal water-works shall be permitted to any holding except with the sanction of the Commissioners in meeting, and such sanction shall distinctly specify the dimensions and capacity of the cistern, tank or reservoir allowed. The inlet to every such cistern, tank and reservoir must be controlled by an efficient ball-cock so that the discharge thereinto is completely stopped when the cistern, tank or reservoir is full. Any taps fed from such cistern, tank or reservoir must be included in the number of taps allowed under rule 10.

19. No connection shall be permitted to any holding unless and until the owner and occupier makes effective provision to the satisfaction of the Commissioners for draining all waste water away.

Ben Act III of 1899. Ben Act III of 1884.

STATEMENT OF OBJECTS AND REASONS.

The objects of this Bill are—

(1) to make certain additions to, and amendments in, the Calcutta Hackney-carriage Act, 1891 (Bengal Act II of 1891), which experience has shown to be necessary for the improvement of the hackney-carriage service, and

(2) to bring within the scope of the Act rickshaws which are being used in increasing numbers.

2. A special Committee was appointed by the Corporation of Calcutta in 1910 to consider the question of the amendment of the Act, and an amending Bill, based on their recommendations, was introduced in 1916. The Select Committee to which this Bill was referred, considered that it did not deal adequately with all the additions and alterations necessary in the Calcutta Hackney-carriage Act, 1891, and that the changes required would so materially alter that Act as to go beyond the scope of an amending Bill. They accordingly recommended that the Bill should not be further proceeded with and that a new consolidating and amending Bill should be framed.

3. In various sections of the Calcutta Hackney-carriage Act, 1891, no provision was made for imprisonment in default of payment of fine, and this defect has been supplied in the Bill by prescribing in the penal clauses suitable terms of imprisonment in default of payment of fine. In the absence of specific provision to this effect, the provisions of the Indian Penal Code relating to imprisonment in default would apply under section 26 of the Bengal General Clauses Act, 1899 (Ben. Act I of 1899), and the terms of imprisonment for which sentences may be passed under that Code appear to be unduly severe for most of the offences for which penalties may be imposed under the Calcutta Hackney-carriage Act, 1891.

4. The additions and alterations proposed are explained in the subjoined notes. A table is also appended showing the manner in which the provisions of the Calcutta Hackney-carriage Act, 1891, are dealt with by the Bill.

NOTES ON CLAUSES.

CHAPTER I.

Clause 1.

Sub-clause (2).—In order to give time to make by-laws under the new clauses which it has been proposed to insert in section 53 of the Act (now clause 71), it is proposed to postpone the commencement of the operation of the Bill when passed into law until a date to be notified by the Local Government.

Clause 2.

Sub-clauses (a) and (b).—These contain the provisions of sub-section (*3*) of section 1 and of section 4 of the existing Act. The first proviso, which is new, has been added since it is considered desirable that the Government of India should be consulted before the Act is extended to a cantonment area.

The second proviso, which is new, has been added in order that the public may have an opportunity for submitting objections.

Clause 3.

Sub-clause (2).—This saving clause reproduces section 2, sub-section (*2*) of the Act, with the exception of appointments, extensions and notifications. These savings are unnecessary in view of the provisions of section 25 of the Bengal General Clauses Act, 1899.

Clause 4.

Sub-clause (*1*).—It has been considered necessary to define the term "bearer" in order to include therein persons employed to draw or push a rickshaw.

Sub-clause (*3*).—A definition of "Commissioner of Police" is necessary in the event of the extension of the Act beyond Calcutta.

Sub-clause (*7*).—The term "notification" has been defined to obviate the necessity of repeating in the Bill the direction of publication of the notification in the *Calcutta Gazette*.

Sub-clauses (*8*) *and* (*9*).—It is considered desirable to define "palanquins" and "rickshaws."

CHAPTER II.

Clause 6.

It is proposed that instead of having specified in this clause the classes into which hackney-carriages shall be divided, the classification shall be left to by-laws to be made under clause 71. The alterations in the clause give effect to this proposal.

Clause 7.

This clause provides for the delegation of the functions of the Registering Officer to any officer with the sanction of the Chairman.

Clause 11.

Sub-clause (*e*) has been inserted to make registers and licenses self-contained. *Cf.* also section 21 (*2*) (*c*) of the Act.

Sub-clause (*f*) is designed to allow scope for revision of the form of register and license from time to time as may be found necessary.

Clause 12.

This is a new clause. It directs the production of registered hackney-carriages before the Registrar for inspection within two weeks after the expiration of six months from the date of each annual registration. Hackney-carriages often become unfit for public use long before the registration year has run out, but are usually repaired only just before the registration is to be renewed. The new section will make it possible for the Registering Officer to exercise his power of suspension or cancellation under clause 13 of the Bill so as to enforce the making of repairs in proper time.

Clauses 14 and 15.

In reproducing the provisions of sections 12 and 13 of the Act, opportunity has been taken to make an alteration in the penalties provided. It is not considered necessary to provide a recurring penalty in clause 14 and a penalty of Rs. 5 (non-recurring) or simple imprisonment for seven days in default has been prescribed in both the clauses.

Clause 16.

As a conviction under clause 14, sub-clause (*3*), or clause 15, sub-clause (*2*), involves proof of change of address, modification has been made in this clause to require the necessary alteration being made in the register when a person has been so convicted, such conviction automatically giving notice to the Registering Officer of the fact of such change.

Clause 17.

Sub-clause (*2*), *proviso*.—The main object of this clause is to take the unregistered carriage in the speediest possible manner to the police-station.

It is necessary also to provide for the release of the horse or horses if licensed with the harness as soon as that object is achieved.

Sub-clause (*3*).—This appears to be necessary as, but for such power, objection would be taken to the detention of carriages seized.

CHAPTER III.

Clause 20, proviso.

A drafting alteration is considered necessary in order to make it clear that it is only after a new plate has been affixed that a recovered plate must be surrendered. If the old plate is found again before a new plate is affixed the old plate will be restored in the normal course.

Clause 23.

Clause 13 empowers the Registering Officer to suspend or cancel the registration of any hackney-carriage or the license granted to the driver of any hackney-carriage when such carriage appears to him to be unfit for public use. Clause 22 provides for the delivery to the Registering Officer of the plate of the carriage when the registration of the carriage has ceased to be in force ; but there is no clear provision in the existing Act for the delivery of the plate to the Registering Officer when the carriage registration is merely suspended. If the Registering Officer is given power to take possession of the plate in such a case, the carriage will be effectually prevented from plying for hire, and in that way, compliance with the conditions upon which the carriage was registered will be secured. It is accordingly proposed to give the Registering Officer this power. As the Act at present stands, the only procedure open to the Registering Officer in these circumstances is to prosecute the offender, and this has proved to be ineffective, as he continues to ply his carriage for hire, although unfit, and the fine imposed is not usually of a deterrent nature.

Clause 24.

Section 20 of the Act does not take into consideration many possible misuses of a plate properly issued under this Act. The clause as revised is more comprehensive. The penalty prescribed in that section has been altered in order to bring it into conformity with that provided in section 28.

CHAPTER IV.

Clause 25.

The existing system is defective as it does not contain any provision for the separate registration and the identification of the horses. There is a danger of horses produced before the Registering Officer when the carriages are being registered being subsequently replaced by inferior animals. This clause provides for the separate registration of horses together with the harness and their identification is provided for in clauses 29 and 30.

Clause 26.

This clause corresponds to section 8 of the Act (clause 10 of the Bill).

Clause 27.

This is on the same lines as clauses 11 and 63 of the Bill (sections 9 and 47 of the Act), but sub-clause (*3*) follows sub-clause (*3*) of clause 9.

Clause 28.

This clause provides for the production for inspection of registered horses half-yearly in the manner prescribed in the case of hackney-carriages by clause 12.

Clause 29.

This clause is intended to facilitate the identification of horses approved by the Registering Officer and to prevent the substitution of horses which have not been so approved. The mark of identification to be used will be prescribed by by-law made under clause 71 of the Bill.

Clause 30.

This clause is analogous to clause 17 of the Bill.

Clause 31.

This clause also is analogous to clause 13 of the Bill (section 11 of the Act).

Clause 32.

This clause is new and is intended to apply the provisions relating to plates affixed on hackney-carriages under this Act to the marks of identification attached or applied to horses, so far as these provisions can reasonably be applied.

CHAPTER V.

Clause 33.

Sub-clause (*1*).—This sub-clause reproduces the provisions of sub-section (*1*) of section 21 of the Act, but in a somewhat different form.

Sub-clause (*2*).—Section 21 of the Act empowers the Registering Officer to grant licenses to any applicant, the grant of a license to whom appears to be proper, and section 53(*a*) provides for the making of by-laws in regard to the examination and qualification of drivers. There is, however, reason to believe that, notwithstanding the existence of these provisions, licenses have been granted to persons who are really unsuitable as drivers. It has, therefore, been suggested that opportunity should be taken to emphasize three prominent cases in which licenses should be refused, namely, where applicants either do not bear a good character, or are incompetent as drivers, or have an insufficient knowledge of localities. It has also been pointed out that for the safety of the public no one under 18 years of age should be allowed to drive a hackney-carriage. This sub-clause incorporates all these suggestions.

Clause 34.

Sub-clause (*1*).—This reproduces the provisions of sub-section (*2*) of section 21 of the Act with one addition, namely, that a summary of the more important statutory provisions and by-laws affecting drivers of hackney-carriages should be set out in every license. This is for the convenience of the drivers.

Sub-clauses (*2*) *and* (*3*).—Sub-sections (*3*) and (*4*) of section 21 of the Act require every driver to take out a fresh license every year, on payment of a fee of Rs. 2. It is proposed to alter these sub-sections so as to require that all licenses shall, irrespective of the date of issue, expire on the one date, namely, the 30th June. This change will, it is considered, facilitate the thorough and systematic examination of drivers. It is further proposed that licenses shall be renewable if in the opinion of the Registering Officer the driver continues to fulfil the terms of the original grant as to competency, sobriety and good character. It is further provided that the fee for a license should be Rs. 2, whether the license is an original one or whether it is being renewed, except that in order to avoid hardship to drivers whose licenses have been in force for less than six months before the 30th June, the fee to be realized from these drivers will be only half that sum.

Clause 36.

This clause amplifies section 23 of the Act so as to penalise owners of hackney-carriages who allow their carriages to be driven for hire by persons whose licenses have expired or have been cancelled or suspended.

Clauses 39 and 40.

These two clauses reproduce the provisions of section 26 of the Act, except that, in the proviso to clause 39, a drafting alteration has been made in order to bring it into line with the proviso to clause 20 of the Bill.

Clause 41.

This reproduces the provisions of section 27 of the Act with slight verbal alterations to make the meaning clearer. The words "any license or ticket" have been inserted in sub-clause (*2*) as they appear to have been inadvertently omitted.

Clause 42.

For the reasons stated in the note on clause 23 this clause has been added.

Clause 44.

The term of imprisonment in default of payment of fine provided in sub-section (*1*) of section 29 of the Act has been reduced from seven days to five days.

Clause 45.

Section 29 (*2*) of the Act authorises Magistrates to endorse convictions on drivers' licenses. It is proposed in this clause to revise that section so as to require Magistrates to endorse convictions instead of merely authorising them to do so, and so as to require Magistrates to endorse also any warning or reprimand that they may administer to drivers.

Clause 46.

The term of imprisonment in default of payment of fine provided in section 30 of the Act has been altered to a term of simple imprisonment for ten days.

Clause 47.

The Registering Officer is empowered by section 11 of the Act to suspend or cancel a driver's license when his carriage, horse or harness, is unfit for public use. Section 30 also authorises the suspension or cancellation of his license when a driver is convicted before a Magistrate of any offence. These provisions, however, do not go far enough, for drivers may be shown to be unfit for their work independently of the condition of their carriages, horses or harness, and in spite of the fact that no prosecution has been instituted against them. It is therefore proposed to insert this clause empowering the Registering Officer to require any driver to appear before him, and if it be found that the driver is not a fit person to drive a hackney-carriage, to suspend or cancel his license. If a driver fails to appear before a Magistrate when summoned to answer a charge, or if the owner on being called upon to produce the driver before a Magistrate fails to do so, the driver's license is also liable to be cancelled or suspended by the Registering Officer who granted it.

CHAPTER VI.

Clause 48.

Sub-clause (*1*).—The list of fares in Calcutta is, in accordance with section 32 of the Act, to be drawn up in the English, Urdu and Bengali languages. Section 61 prescribes that the language of the list in other local areas is to be determined by the Local Government. In this sub-clause the power to determine the language or languages has been reserved to the Local Government in all cases as being the more convenient course to follow. Similar alterations have been made in clauses 60 and 66.

Clause 49.

This reproduces with modifications the provisions of section 33 of the Act, but in sub-clause (*3*) the burden of proving sufficient excuse when a driver fails to comply with the provisions of the clause has been laid on him as being the most reasonable course in the circumstances. The provisions relating to charging an excess fare have not been incorporated as being unnecessary, as it is intended to settle all questions relating to fares by means of by-laws.

Clause 50.

For the reasons stated in the note to the previous clause the burden of proving sufficient excuse referred to in this clause has been laid on the owner, driver or person in charge of a hackney-carriage.

Clause 51.

This clause in reproducing the provisions of section 36 makes several important alterations. It seems to be necessary to bring attendants of hackney-carriages within the scope of this clause and to give the Police Officers in control of traffic greater powers for enforcing order. The clause has been altered accordingly. In Bombay the attendants are equally liable with the drivers for similar offences (see Bombay Act VI of 1863, s. 22). Sub-clauses (*l*) and (*m*) have been taken from section 37 of Madras Act V of 1911 and appear to be suitable. Sub-clause (*n*) which corresponds with clause (*l*) of section 36 of the Act now follows the Madras Act. Serious offences as well as trivial offences are dealt with in this clause and the penalty of ten rupees or imprisonment for seven days provided in that section is not considered to be adequate for some of the offences referred to. The maximum has, therefore, been raised to 100 rupees or imprisonment for two months.

Clause 52.

This corresponds to section 37 of the Act with certain alterations to make the intention clear that the driver is now required to attend at the premises where the carriage is kept and not at the residence of the owner.

Clause 53.

Section 38 of the Act empowers the Magistrate to summon the owner of a hackney-carriage when a complaint is made that the driver has committed an offence against the Act. There seems to be no reason why this section should not be extended to the case of offences against by-laws made under section 53 (now clause 71) and this clause has been drafted accordingly.

The alterations relating to owners of horses are consequential as provision is being made for separate registration of horses.

Clause 54.

This clause reproduces the provisions of section 39 of the Act with slight modifications. The words "without sufficient excuse" have been introduced as this course appears to be equitable. The penalty of imprisonment in default of payment of fine has been reduced to simple imprisonment for fourteen days.

Clause 55.

This reproduces the provisions of sub-section (*1*) of section 40 of the Act with a few verbal alterations. A reference to "mark of identification" has been made in this clause as being consequential upon the adoption of the proposal regarding the identification of horses. The penalty of imprisonment in default of payment of fine has been reduced in this clause as well as in clause 56 to simple imprisonment for ten days.

Clause 59.

Sub-clause (*2*).—Following the precedent of section 43, sub-section (*2*) of Madras Act V of 1911, the words "subject to any maximum which may be prescribed by the Corporation by an order in writing" have been added to this clause so as to prevent the owner or driver from asking fancy fares. The other alterations in this sub-clause are merely consequential upon the proposal to relegate to by-laws the prescribing of the scale of fares.

Clause 60.

This clause follows section 45 of the Act and is based upon section 44 of Madras Act V of 1911 (*see* also Note on Clause 48).

CHAPTER VII.

Clause 61.

This reproduces the provisions of section 46 of the Act, but the power to suspend a license is taken in the proviso in order to bring this clause into line with clause 13 of the Bill.

Clause 62.

This clause is new. It provides for licenses for palanquins. Licenses are issued for hackney-carriages under the existing Act, and licenses for horses are also now required. It is therefore reasonable to have licenses for palanquins as well.

Clause 63.

Sub-clause (*1*).—This corresponds to section 47, sub-section (*1*) of the Act, but sub-clauses (*1*) (*c*), (*1*) (*d*) and (*1*) (*e*) are new and have been inserted to make the clause similar to clauses 11 and 27.

Clause 64.

Sub-clauses (*1*) *and* (*2*).—These sub-clauses amend section 48 of the Act in the same way in which it is proposed to amend sections 16 and 17 (*see* clauses 18 and 19).

The maximum penalty of fine provided in sub-section (*2*) of section 48 of the Act has been raised to twenty rupees and provision has been made for simple imprisonment for ten days in default of payment of fine.

Clause 65.

This is new and it applies certain provisions relating to hackney-carriages to palanquins. The extension of these provisions to palanquins appears to be desirable.

Clause 66.

The modification made in this clause has been explained in the Note on Clause 48.

Clause 67.

Sub-clause (*2*).—This is similar to sub-section (*2*) of section 51 of the Act, but the wording has been slightly modified in order to include the taking possession of tickets.

Sub-clause (*3*).—It is necessary to provide for a renewal fee as has been done in the case of drivers' license. This sub-clause introduces such a provision.

Clauses 68 and 69.

These two clauses reproduce with slight modifications sub-sections (*1*), (*2*) and (*4*) of section 52 of the Act. The provisions of sub-section (*3*) have not been included as they are unsuitable here.

CHAPTER VIII.

Clause 70.

As has been explained in the Statement of Objects and Reasons, it is proposed to include rickshaws within the scope of this Bill and that the provisions relating to palanquins should apply to rickshaws. This clause carries out the suggestions put forward. It is apparently unnecessary to have a separate set of clauses repeating these provisions.

CHAPTER IX.

Clause 71.

The power to make by-laws has been considerably amplified. This has been due in part to the new provisions contained in the Bill and in part to the proposal to relegate some of the provisions of the existing Act to by-laws.

The following are some of the more important heads of the by-law making power :—

(1) prescribing marks of identification of horses,
(2) providing for the division of carriages into classes,
(3) prescribing fees to be paid for the registration of carriages, horses, palanquins and rickshaws,
(4) regulating the quantity of luggage to be carried by hackney-carriages,
(5) preventing the use of unfit horses in hackney-carriages, and
(6) preventing the placing of advertisements on or in hackney-carriages, palanquins and rickshaws.

As it is considered reasonable that the drivers and attendants of hackney-carriages should wear uniforms, a power to make by-laws prescribing such uniforms has been taken in this clause. The fares to be charged for the hire of hackney-carriages and palanquins are prescribed in sections 31 and 50 and the First and Second Schedules to the Act. It is considered better to leave the scale of fares for such conveyances as well as the fares for rickshaws to be prescribed by by-laws to be made under section 53 (clause 71), since fares in mufassal towns, where living is cheap, should not be so high as in Calcutta. A power for this purpose has been taken in this clause.

CHAPTER X.

Clause 73.

This clause is new and is intended to provide for a more certain system of service of summons on drivers of hackney-carriages. The owners of carriages and horses are frequently aware of the place of residence of the drivers they employ and frequently conceal this from the serving officer or refuse to render assistance to him.

Clause 74.

In view of the provisions of the Code of Criminal Procedure, 1898, and the Bengal General Clauses Act, 1899, section 55, which corresponds to this clause, has been considerably modified. As revised, the present clause follows section 47 of Madras Act V of 1911.

Clause 75.

Sub-clause (2).—The sub-clause follows section 18, sub-section (*2*) of Madras Act V of 1911, which is wider than sub-section (*2*) of section 56 of the Act. The object is to prevent an offender from continuing in a course the rectification of which is in the public interest.

CHAPTER XI.

Clause 79.

This clause reproduces with modifications the provisions of section 59, sub-section (*4*) of the Act. The period during which property left in hackney-carriages, palanquins and rickshaws should be kept with the Commissioner of Police has been reduced from one year to six months as there is no sufficient reason why it should be kept for such a length of time.

Clause 81.

The existing Act appears to be defective as it does not contain any provision safeguarding the *bonâ fide* acts of persons under the Act. This omission has been supplied by the insertion of this new clause.

Second Forecast of the Spring Oilseed Crops of Bengal, 1917-18.

(Note.—On an average of the five years ending 1915-16 the area under linseed in Bengal has represented some 5·6 per cent., and that under rape and mustard 20·4 per cent. of the total area under these crops in British India.)

Area sown.—Oilseeds are grown principally in the Rajshahi, Dacca and Presidency Divisions. In the other two divisions the area under the various oilseed crops is small. The total area under these crops this year (excepting sesamum for which separate forecasts are produced) amounts to 1,328,300 acres, against 1,415,800 acres and 1,421,300 acres reported, respectively, in the corresponding and final forecasts of last year.

Character of the season.—Since the issue of the first forecast in December dry weather has prevailed. Although at first beneficial, the weather has lattorly been much too dry. In some districts a fair crop is expected, but in others, notably Nadia, Jessore, Hooghly, Rajshahi and Bogra, the outturn is expected to fall much below the normal.

Outturn.—According to the estimates of the District Officers, the provincial outturn of the different oilseed crops (excepting sesamum) works out to 82 per cent., against 87 and 85 per cent. of the normal reported, respectively, in the corresponding and final forecasts of last year.

On the death of a licensee the Collector may renew the license on the same terms in favour of a representative of the deceased, if he be satisfied that such representative is fit to hold it, and on the condition that any arrears due from the deceased licensee are recovered before the license is so renewed. In such case no fresh deposit in addition to the deposit required by rule 29 need be called for.

33. (*1*) The Collector may cancel or suspend any license for the sale of excise opium—

(*b*) forthwith without notice.

In the latter case the Collector shall, in addition to remitting the sum as aforesaid, pay to the licensee such further sum (if any) by way of compensation as the Commissioner may direct.

Explanation.—The words "licensed vendor," as used in this rule, include a person whose application, tender or bid for a license has been accepted by the Collector, although he may not actually have received the license.

37. No person to whom a license has been granted for the sale of excise opium shall have any claim to the renewal of such license, or, save as provided in rule 35, any claim to compensation on the determination thereof.

38. The Collector may, after the cancellation or surrender of a license under rule 33 or rule 36, at the risk and loss of the person whose license has been cancelled or surrendered,—

(*a*) take the grant under management, or

(*b*) transfer the unexpired portion of the grant to any other person.

39. If a person who has been a licensed vendor has in his possession, after the expiration of his license, any excise opium which he is unable to dispose of under rule 10, he shall, on the requisition of the Collector, surrender the same to such officer as the Collector may appoint in this behalf; and the person to whom a new license has been granted in the stead of the said licensed vendor, or, if no such new license has been granted, then any licensed vendor of the article within the district, shall, on the requisition of the Collector, be bound under penalty, if the Collector sees fit, of forfeiting his license, to buy the opium at such price as the Collector may adjudge, and in any quantity not exceeding that which the Collector may determine to be ordinarily saleable by him in 2 months:

Provided that if such excise opium or any part thereof be declared by the Civil Surgeon or other Principal Medical Officer of the district, or, in Calcutta or in the suburbs of Calcutta, by a Chemical Examiner to the Government, to be unfit for use, the Collector shall cause it, or that part, to be destroyed without any compensation being claimable by the former licensed vendor.

Part III.—Rules relating to the export of opium by sea.

40. Opium may be exported by sea from the port of Calcutta, if it has been purchased from the Government at a public sale held by the Local Government and is covered by a pass or certificate granted by the Local Government in such form as they may from time to time prescribe. The shipment of opium so exported must, however, be in accordance with such conditions, and subject to such examination by Preventive officers, as the Local Government may from time to time notify in the *Calcutta Gazette*. Such notification shall, among other things, specify—

(*1*) the days and hours of business for the acceptance of treasury receipts and passes and for the granting and return of certificates, and the conditions (if any) on which such documents may be granted out of ordinary business hours;

(*2*) the procedure to be observed for obtaining delivery of opium from the Presidency godowns and for passing it through the Custom House;

(*3*) the period within which shipment shall be allowed after the issue of a certificate;

(*4*) the time and manner of conveyance to the steamer or ship of opium intended for export, the procedure to be observed by the Intendant and the Collector of Customs for the clearance and shipment of such opium, and duties of the Preventive officers in connection therewith; and

(*5*) the fees (if any) to be charged for—

(*a*) grant of any certificate or pass, or receipt of any shipping bills prescribed by the Local Government as necessary, outside the hours which may be notified as the ordinary hours of business in this connection;

(*b*) the services of any Preventive officer whose attendance may be generally or specially notified by the Local Government as necessary in respect of any procedure prescribed with reference to opium intended for export by sea;

(*c*) the removal of chests of opium from Government premises, or the shipment of the same or any operations in connection therewith which may be conducted outside the hours specified as the "ordinary hours of business" in this connection; and

(*d*) in regard to the persons from whom, and the time or manner at, or in which, such fees shall be recovered.

POSSESSION.

42. Any person may possess smoking preparations to the extent of 1 tola, provided that such preparations have been manufactured by the possessor for private consumption and not for sale under the conditions of the above rule, and provided also that, when more persons than one are assembled for the purpose of smoking such preparations, the aggregate of such preparations possessed by all the members of the party shall not exceed 2 tolas.

45. Any person may transport intoxicating drugs or poppy-heads of which he is lawfully in possession from a place where he has purchased any of the said articles or manufactured the intoxicating drugs to a place where he is licensed or authorized by these rules to manufacture or sell the said articles or where he may lawfully use or consume them.

unless the name of such qualified medical practitioner is signed in full and his qualification is appended to the signature.

53. A qualified medical practitioner or, subject to the conditions of his permit or license, a permit-holder or a licensed *kabiraj* or *hakim* may use intoxicating drugs or poppy-heads in the course of his practice, or may compound or dispense the same for the use of his own patients for *bond fide* medicinal purposes.

In the latter case the Collector shall, in addition to remitting the sum aforesaid, pay to the licensee or permit-holder such further sum (if any) by way of compensation as the Commissioner may direct.

The examination will be *ipso facto* vitiated, if it be not held (begun and completed) on the dates fixed; but the officer who will conduct the examination may make his own arrangements with the candidates in regard to the *place* and *hour* of examination.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ* may be allowed to compete in the examination, even if he is more than 25 years of age, and may be appointed to an accountantship, if he passes it; but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable establishment on State Railways.

* This term includes employment under Local Boards and foreign bodies, if such is pensionable by the British Government.

2. The candidate should apply to an Accountant-General not later than 30 days previous to the date fixed for the examination and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of Rs. 10 and the following certificates and registration form duly filled in, and must be forwarded by him not direct to the Principal, but through the Accountant-General.

(*h*) Thumb mark of candidate, left hand, to be made in the presence of a responsible person who knows candidate.
(*k*) Signature and address of above-mentioned witness.

It will rest with the Accountant-General (including Government Examiner of Railway Accounts) to whom the candidate submits his application, to decide on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination, or whether his application should be rejected. The Accountant-General, or the other officers referred to, will then forward to the Principal, for registration, the names of the accepted candidates, together with their registration statements, which should be signed by the Accountant-General. The registration statement should be carefully preserved by the Principal. The names of these candidates should be entered in a statement showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the College or at the office of the Accountant-General. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of applications of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh a fee and certificates.

5. If from any cause a candidate fails to appear for the examination, the fees paid will not be refunded.

6. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that, in making appointments, preference will be given to qualified persons who are already employed in the department.

7. Passed candidates should apply, not to the Principal of the College nor to the Comptroller General, but direct to the Accountant-General or Government Examiner of Railway Accounts in the province or railway under whom they may desire to be employed.

8. The Civil Engineering College acts solely as an examining body in reference to admission to the 4th grade of Accountants, Public Works Department.

NOTE 1.—Where a person or firm mentioned in the List has more than one address in the country or group of countries under which the name of the person or firm appears all dealings in that country, or in any country in the group with such person or firm are prohibited, even in cases where one only of the addresses, or one only of the countries, is specifically mentioned.

NOTE 2.—Trading is prohibited under the Trading with the Enemy Proclamations of 25 June, and 10 November, 1915 (which were republished by the Government of India as notifications in the Commerce and Industry Department, Nos. 12221-W. and 861-W , dated respectively the 24th July and 11th December, 1915), with any person or firm of enemy nationality resident or carrying on business in China, Siam, Persia, Morocco, Liberia or Portuguese East Africa. Persons or firms are therefore prohibited from trading with any person or firm or enemy nationality in any of those countries even though such person or firm is not mentioned by name in the above Schedule.

NOTE 3.—It is not unusual for firms in Holland and the Netherland East Indies to be registered under names commencing with descriptive terms such as "Handel Maatschappy" (Trading Company) or "Naamlooze Venootschap" (Limited Liability Company) In such cases it has been found more convenient to publish the firm under its proper name followed by the general descriptive term "Handel Maatschappy" or "Naamlooze Venootschap" (N.V.) as in the case of an English company. For instance Handel Maatschppy van den Berg & Company, and Naamlooze Venootschap de Komeet v-h Dumonceau Frères will be found under "Berg" and "Komeet" respectively, and not under "Handel" or "Naamlooze."

AT THE COURT AT BUCKINGHAM PALACE,

Now, therefore, His Majesty, by virtue of the Powers in this behalf by the Fugitive Offenders Acts, 1881 and 1915, and otherwise, in His Majesty vested, is pleased by and with the advice of His Privy Council, to order, and it is hereby ordered, as follows :—

(1) On and after the 1st day of February, 1918, the hereinbefore recited Orders in Council of the 12th day of December, 1885, shall be revoked, without prejudice to anything lawfully done thereunder, or to any proceedings commenced before the said date, and Part II of the Fugitive Offenders Act, 1881, shall apply to the group of British Possessions and Protected States hereunder mentioned, that is to say—

The examination will be conducted, either at the College, or by an Accountant-General (including the Government Engineer of Railway Accounts), in Bengal, Bihar and Orissa, Assam and Burma only. The examination will be *ipso facto* vitiated, if it be not held (begun and completed) on the dates fixed; but the officer who will conduct the examination may make his own arrangements with the candidates in regard to the *place* and *hour* of examination.

Candidates will not be examined in any of the Calcutta offices.

A candidate already in permanent Government employ* may be allowed to compete in the examination, even if he is more than 25 years of age, and may be appointed to an accountantship, if he passes it; but if he is not already in pensionable service, he will be eligible only for appointment to the non-pensionable establishment on State Railways.

* This term includes employment under Local Boards and foreign bodies, if such is pensionable by the British Government.

2. The candidate should apply to an Accountant-General not later than 30 days previous to the date fixed for the examination and obtain his consent to conduct the examination, if examination at the College is not convenient. The application must bear the address of the candidate, must be accompanied by a fee of Rs. 10 and the following certificates and registration form duly filled in, and must be forwarded by him not direct to the Principal, but through the Accountant-General.

Certificates may be submitted in original, or true copies attested by an officer of the Engineer or Accounts Branch, but they will not be returned—

(1) A certificate of good character signed by applicant's immediate official superior, or by the instructor under whom he has been educated, or by some other superior under whom he may have been brought up or employed or to whom he may be well known. (This certificate must have special reference to the two years immediately preceding the application.)

(2) A certificate of age, baptismal or of birth (not required, if the candidate is already in permanent Government employ).

(3) A certificate that the application is in the candidate's hand-writing.

Note A.—A candidate already in Government service should, in like manner, submit his application through his immediate official superior to an Accountant-General (including Government Examiner of Railway Accounts) qualified to hold the particular examination and should state whether he desires to be examined at the office of the Accountant-General concerned or at the College.

Note B.—The usual examination centres are (1) the Civil Engineering College, Sibpur, (2) Chittagong, (3) Ranchi, (4) the Bihar School of Engineering, Patna, (5) Rangoon, (6) Shillong, and (7) Simla for candidates in the Government of India offices: no others will be admitted at Simla.

(4) Registration statement containing the following information :—

(*a*) Name in full.
(*b*) Father's name.

(*f*) Present address.
(*g*) Examinations passed.
(*h*) Thumb mark of candidate, left hand, to be made in the presence of a responsible person who knows candidate.
(*k*) Signature and address of above-mentioned witness.

It will rest with the Accountant-General (including Government Examiner of Railway Accounts) to whom the candidate submits his application, to decide on a consideration of the certificates submitted, whether the candidate should be allowed to appear for the examination, or whether his application should be rejected. The Accountant-General, or the other officers referred to, will then forward to the Principal, for registration, the names of the accepted candidates, together with their registration statements, which should be signed by the Accountant-General. The registration statement should be carefully preserved by the Principal. The names of these candidates should be entered in a statement showing their ages and their addresses, and also showing where each candidate is to be examined, whether at the College or at the office of the Accountant-General. This statement, together with the fees, should be transmitted to the Principal not later than 15 days after the dates fixed in paragraph 2 for the submission of applications of candidates.

3. Examination papers that are issued for examination need not be returned.

4. Each examination is complete in itself. A candidate who has failed in an examination, and presents himself for examination on a subsequent occasion, must undergo the full examination and furnish fresh a fee and certificates

5. If from any cause a candidate fails to appear for the examination, the fees paid will not be refunded.

6. It must be distinctly understood that the passing of this examination does not give any claim to an appointment, and that, in making appointments, preference will be given to qualified persons who are already employed in the department.

7. Passed candidates should apply, not to the Principal of the College nor to the Comptroller-General, but direct to the Accountant-General or Government Examiner of Railway Accounts in the province or railway under whom they may desire to be employed.

8. The Civil Engineering College acts solely as an examining body in reference to admission to the 4th grade of Accountants, Public Works Department.

9. Candidates for the 4th grade Accountantship Examination, who are not Government servants and over 25 years of age, are allowed to appear at the examination of the Sibpur College centre only, but even if successful, they are debarred from employment in the service of Government, and their names will be excluded from the list of passed candidates which is furnished to the Comptroller and Auditor-General.

Candidates over 25 years of age not in Government employ should apply in writing to the Principal of the Civil Engineering College not later than 30 days previous to the examination ; the application to be accompanied by a Treasury receipt for Rs. 10, and the registration statement prescribed in rule 2 (*4*).
